Ione Garden Club

Weeds were the topic of Ione Garden Club's May 12 program held at the Al Osmin residence on Gooseberry Road.

Harold Kerr, Extension Agent, guest speaker, brought specimens of three of the most noxious weeds of this area: Russian knapweed, branching or diffuse knapweed and jointed goatgrass.

Twenty specimens of weeds, brought by members, were numbered for an identification contest and Mr. Kerr told of methods of controlling each type.

Mr. Kerr told how diffuse knapweed, now a serious menace to Oregon agriculture, was brought to Oregon from the Mediterranean in alfalfa seed and the first plants grew on Willow Creek in 1951. Now there are 50,000 acres dominated by this persistent pest.

Kerr has initiated a biological method of combatting diffuse knapweed, since it produces so many seeds it is not economically feasible to attempt to control it with herbicides. Flies are being imported from the French Riviera and these flies lay their eggs in the buds of knapweed. When the larvae hatch they feed on the seed, thus destroying it. It is hoped that this fly will multiply and halt the spread of branching knapweed.

Delpha Jones presided over the business meeting, in the absence of retiring president, Pat Pettyjohn. Plant sale chairman, Thel Ling reported \$246.71 was the net amount gained from the recent plant sale. These funds are used to send delegates to the state convention and to assist in various Federation projects such as scholarships, land-

The grade school classes have been "getting away from it all" or faking short excursions to areas that tie in with their studies.

Mr. Shimp and fifth graders traveled to Camp Hancock which is located near Fossil.

Sixth graders went to Cutsforth Park for a continuation of their studies in the "outdoors." Mrs. Huber, of Heppner went along to help identify native wildflowers and birds. Their teacher is Mr. Williams and chaperoning them were Linda LaRue, Kathy Morter, Mary Ann Palmer and Irene Holtz.

The senior class took their field trip to Kah-Nee-Tah and enroute home they stopped at Ollies Supper Club for dinner. Their graduating ceremony will be held May 22.

THE REV. AND MRS. LLOYD PERRIN

New Pastor for Heppner Church

Lloyd and Jana Perrin will arrive in Heppner soon, where he will be the new pastor of the Seventh-day Adventist Church. They have been actively involved in evangelism the past year, "living on wheels" as they moved from one evangelistic crusade to another, and are looking forward to being able to stay "put" for awhile.

Both love the out-of-doors and their favorite hobbies, back packing and horseback riding. Jana grew up on a ranch in Chelan, has her own registered Appaloosa, and her love for hoses goes much deeper than simply riding. Pastor Lloyd grew up in California, but took his theolo-

gical training at Walla Walla College in College Place, WA. He pastored a year at Waitsburg, WA, then was summer pastor at Wenatchee, where he met and married Jana (Hilton).

The Perrins are looking forward to living in or near Heppner, and plan to be here the week of May 24-28. They do face one problem when they get here. With housing scarce at best, where does one find a home that will also accommodate a horse? They are hopeful, however, that somewhere in the country around Heppner, they will be able to rent a place that will suit their needs.

News of Maatas Family

John, Ruth, Deanne and Melissa Anne will soon be moving to Rapelje, MT where John will pastor the town's only church.

News of the birth of Melissa Anne late in April and that John will complete his residency at Western Evangelical Seminary late this month reached Heppner recently.

John will pastor the church and work on ranches part time. He was formerly employed by Dick Wilkenson on Willow Creek.

They invite Morrow friends to write or visit them when in Montana. Their address is Rapelje, MT, 59067.
