IRRIGON NEWS

Frances Rose Wilson

Mrs. Warren McCoy attended "Mom's Weekend" May 1-2 at O.S.U. in Corvallis where her daughter Debbie is a student. Mrs. McCoy said she really enjoyed the style show and the dinner given by the A.G. Fraternity and later the singing by all fraternity and sorority groups.

A recent visitor at the home of Mr. and Mrs. Henry Froberg was an old friend from Blaine, WA. Ella Allen. Mr. and Mrs. Pete Ellis and Dennis brought her over and spent the weekend while Mrs. Allen stayed here the past week. Joy Allen and Jean Baker also of Blaine came to take her home this weekend and were over-night guests of the Frobergs.

Mr. and Mrs. Loyd Humphreys and 6 week old son William Dean, Heppner were Sunday visitors of her parents Mr. and Mrs. Floyd Smith.

Construction began last week on 23 additional units for Riverview Trailer Court, Irrigon, when Stan Schnell Construction leveled the 5 acre plot, which borders the present court on the east.

Plans for the additional units have been approved by city planning and council bodies and have been under

consideration for over a year. The operation was recently purchased by W.D. Gaylord, Hermiston and Matt Doherty, Irrigon. The additional units will bring the courts capacity to 34, which includes 1 office unit.

A request from Willie Osterkamp for city help to get a legal access from the highway to his gas station was approved by the city council at their May 11 meeting. The Council agreed that access to his business without crossing neighboring properties is essential. The recorder was instructed to write a letter to the Highway Division requesting access.

An annexation request by Vernon and Everett Bagwell for 9 lots to be brought into the city was approved. It had previously been approved by the planning commission. It was recommended that the 3 adjoining lots also be included in the annexation but the owner of these lots opposed this action, so these 3 lots were not brought in at this time.

Council approval was also given to Ted Wilson who plans to add 15 spaces to his present "Park Trailer Court." These would be on the south side of Idaho Avenue.

There was discussion on the proposed sewer system. A plan to incorporate the present individually owned septic tanks, as an initial sewage treatment in a pressurized system was presented to the council. No action was taken at this time.
