

HEPPNER SALUTES....

1976 National 4H Week ... October 3-9

Young folks who appreciate the gifts the good earth offers, who use those gifts to make things better for themselves. . . .their families. . .their neighborhoods. .and the nation. It's time to congratulate them: the country kids with their livestock and produce. .the city kids planting parks, learning ecology—all of them using and learning

the skills that make life a richer experience and the world a better place. We'd like the 4-H leaders, Extension Service, and the members, to know that we appreciate your work and applaud your success. We're standing behind you proudly as you proceed with your projects.
