Dennis Peck ran 70 yards to score in the first period but it was called back on a questionable clipping call.

But after that, the two teams were deadlocked in scoreless football.

Umatilla took the first try

from the ten yard line on the Kansas tie breaker plan. A fumble was jarred loose and Peck scooped it up and raced 90 yards to put the Mustangs in front.

Peck had 96 yards on ten carries but had 120 yards in runs called back because of penalties.

Heppner played inside the Vik 20 yard line three times in the first half and the Mustang

defense didn't let Umatilla penetrate past the 40.

Cited for defensive efforts were Steve Marlatt, Chris Riddle and Scott Groshens.

Heppner faces Condon there Tuesday at 4 p.m. in their season finisher.

It was a long day to add to a long season Friday at lone. Here a Wheeler back broke loose and ran 45 yards to score. (G-T Photo)

Rawlins scores ace

Charlie Rawlins, the ace of Willow Creek Country Club, scored his first ace on the par three, 13th, on October 10.

Rawlins, the low handicapper at the course, aced the fourth hole on the back nine, a hole that is made tricky by a sloping green. Rawlins' shot went over Willow Creek and onto the small, bumpy green, rolled uphill and into the waiting cup.

He finished the day at 69, tied with Dave Harrison.

lone Jr. High wins

lone's Junior High gridders added win number four last Thursday, ripping Riverside, 18-14, on three long TD runs.

lone held Riverside for four downs at the Card one yard line, then on first down, Gregg Rietmann broke loose up the middle and went 99 yards to score.

Later, Rietmann scored again on a 40 yard jaunt, followed by a 45 yard run to pay dirt by Leslie Thompson.

President Ford has declared this week National Forest Products Week. That's well and fine, but at KINZUA CORPORATION, its forest production week ...every week.

In 1909, Kinzua began its Eastern Oregon Tree Farm operation with 50,000 acres. In 1976, Kinzua manages 230,000 acres of forest land in Eastern Oregon. A new tree farm lease is available to ranchers that offers long range forest improvement programs as well as guaranteed annual payments for the lease. Information is available at our Heppner or Kinzua mills.

Workers clear roadsides. Fence behind will put Kinzua production on west side of road completely. Trucks won't have to cross highway.
