Moratorium stands

A moratorium on mobile homes will continue in Irrigon despite the efforts by a delegation representing mobile home and real estate interests at the Irrigon City Council last week.

The group petitioned the council to lift the moratorium on placement of mobile homes within the city limits, outside of trailer courts. Bill Shumaker, Magic Incorporated, assured the council that the mobile home placement which had resulted in the ban was being corrected and that any future placement would not only meet state, but local requirements as well.

The council voted to delay lifting the ban until the mobile home in question could be inspected and the results

brought before the council again.

In other business, Dianne Brownlee was appointed Municipal Judge. No candidates had applied for the position on the general election ballot two weeks ago. A number of persons received write-in votes, including Brownlee. She will assume office on Jan. 1.

The Nation's RURAL ELECTRIC SYSTEMS (1000 of them)

Appreciated the voter and member support of a positive approach for solving the future energy needs of our country. They recognized that we must not reject good energy alternatives if we are to meet the needs of the future for:

- ✓ new housing
- ✓ jobs and new businesses
- ✓ electric heating
- ✓ farm improvement
- ✓ home improvements.

The vote by states rejecting the nuclear moratoriums was as follows:

Arizona	70% to 30%
Colorado	70.9% to 29.1%
Ohio	68% to 32%
Oregon	58% to 42%
Montana	58.1% to 41.9%
Washington	67.4% to 32.6%

We urge you to encourage Federal Government to set plant standards and nuclear waste standards so that the nation's utilities can then adapt their plans accordingly.

Thanks again Voters.
