## Public Notices

### COUNTY COURT ORDERS

February 1977

The Court ORDERED:

- The sum of \$1,851.00 be transferred from the General Fund to the Mental Health Fund.
- That the sum of \$16.40, real property taxes, be refunded.
- In five separate matters, that uncollectible delinquent personal property taxes be cancelled.
- That a certain undeveloped portion of 5th Street be vacated.

Published April 14, 1977.

## Operation costs compared

The Columbia Basin Electric Cooperative has reported on a comparison of the operation for 1976 to 1975 and made other cost comparisons. The 1976 revenues were \$1,447,988.00 which was a 9.1 per cent increase over 1975. The margins over expense were \$213,939 for 1976. Irrigation revenues represented the largest single class of sales at \$377,722.00. This

represented 26 per cent of the operating revenues. Residential-Town sales were \$345,977 in 1976 and were 24 per cent of the total operating revenues. Sales to rural-residential members amounted to \$273,034. Small Commercial sales were \$204,915 and large commercial sales were \$218,164. The average operating sales price per kwh was 1.25

## Open house

The Heppner Neighborhood Center will hold an open house Friday, April 22, from 10 a.m. until 4 p.m.

According to officials of the Center, the open house is designed for the public. It will give benefactors of the Center a chance to see how their gifts have been put to use.

The Neighborhood Center is located on Willow Street near the Heppner City Hall. The Center recently completed a move to the new location.

## Watershed review in progress

At President Carter's request, USDA's Soil Conservation Service is conducting a review of all small watershed projects in Oregon under construction or approved for construction. SCS State Conservationist Guy W. Nutt said today. The Rock Creek Watershed project in Morrow and Gilliam Counties is among eight projects under review in Oregon.

Projects under review include those administered by SCS under Public Law 566, which limits the size of watershed areas to no more than 250,000 acres. The multi-purpose projects always call for land treatment to reduce soil erosion and siltation. They generally include such flood prevention structures as earthen dams and water impoundments. Many projects also provide local people with domestic and industrial water supply, irrigation water, recreation, and fish and wildlife habitat.

Nutt said the review will be made in two phases.

"The first screening," he said, "will be to identify those projects that are unquestionably sound—environmentally, economically, and from the standpoint of safety of structures. This phase is to be completed by April 29."

The SCS official said that projects which do not pass the initial screening will undergo more thorough study, with the process to be completed by June 15. Projects then selected for public hearings will be announced on June 17.

Nutt gave his assurance that any hearings will be held in the vicinity of the projects before July 1. Final recommendations on projects will be provided to the President by July 15.

The State Conservationist said that projects that pass the initial screening will have to meet the following three criteria:

- No additional major adverse environmental impacts would result from project completion;
- The ratio of remaining direct benefits to remaining direct costs exceeds unity when discounted at a rate of 6-1/2 per cent;
- No credible question remains to be resolved concerning the safety of project structures.

The Oregon review is part of a governmentwide study of all water resource projects ordered by President Carter. An interagency task force coordinated by the Council on Environmental Quality and the President's Office of Management and Budget developed the criteria. Total number of SCS projects being reviewed nationally is 1,185.

# Sample Ballots

STUB

## SAMPLE Ballot

CITY OF HEPPNER, OREGON  
TAX LEVY OUTSIDE THE CONSTITUTIONAL LIMITATIONS TUESDAY, APRIL 26, 1977

Polls open 8:00 A.M. to 8:00 P.M.

To be held in the Heppner City Hall Building.

The voter shall place an ( X ) or check mark (✓) in the voting square before the word YES or NO, whichever indicates his choice.

### PROPOSAL

Shall the City of Heppner, Oregon be authorized to levy for the fiscal year 1977-78, the sum of \$46,445.00 outside the 6% limitation set forth in Section 2, Article II of the Oregon Constitution.

### EXPLANATION OF BALLOT QUESTION

Without the approval of the voters, the City of Heppner has authority to levy only the tax base of the City, which is \$41,485.00. This sum, together with available non-tax revenues, is not adequate to meet the operating needs of the City.

Because the tax base is inadequate, it is necessary to submit to the voters for the fiscal year 1977 - 78, a tax levy request in excess of the tax base. If approved, the operating budget to be financed by local taxes for the years 1977-78 will be \$46,445.00 outside the 6% limitation of the Oregon Constitution. This constitutes a rate levy increase over the preceding year in the maximum amount of \$3.52 per thousand of true cash value of taxable property. Last year the rate of levy was \$2.77 per thousand of true cash value.

The reasons for increasing the levy are: Reduction of Federal Revenue Sharing money, plus increases in cost of equipment and supplies, contracted services and materials, employment salaries, social security, workmen's compensation, all necessary for the operation and maintenance of the City of Heppner.

- Yes, I vote for the tax levy.  
 No, I vote against the tax levy.

### POLLING PLACES FOR SPECIAL ELECTION Tuesday

April 19, 1977	
Precinct p2, 6, 7, 8, 9—	Old City Library Building
Precinct 1, Boardman	Greenfield Grange Hall
