EZ LS
CREDIT PLAN

WHAT IS THE L-S CREDIT PLAN?

On approved credit, it's an easy way to buy tires on time. You can pay all in 30 days without any service charge. Or you can make payments as listed below and take many months to pay. After the first month, a 1 1/2 per cent service charge is made each month on the remaining balance.

WHAT IS THE ANNUAL PERCENTAGE RATE?

The Annual Percentage Rate and other major terms of the L-S Credit Plan can be described as follows, using the terminology of the Federal Truth in Lending Act. The FINANCE CHARGE is computed by a periodic rate of 1 1/2 per cent per month, 1 per cent in Washington or a minimum charge of 50 cents for balances under \$35.00 under \$50.00 in Washington, which is an ANNUAL PERCENTAGE RATE of 18 per cent, 12 per cent in Washington. This rate is applied to your previous balance after deducting payments and credits received by the closing date of the periodic statement. There is no Finance Charge on purchases paid in full by the date of the monthly periodic statement following the periodic statement upon which the purchases first appear.

HOW MUCH CAN I CHARGE?

Any amount up to your credit limit, but not to exceed your credit limit. A credit limit is established for your account and depends upon your needs, and your ability to pay.

WHAT ARE MY PAYMENTS?

Your payment depends upon your balance. The payments go down as your remaining balance goes down. See schedule below. You can always pay any amount you wish over payment, but you must make the minimum payment each month. If your unpaid balance is:

01-\$50.00	\$10.00 or balance
50.01-100.00	15.00
100.01-200.00	25.00
200.01-300.00	50.00
300.01-500.00	75.00

CAN I ADD ON TO MY ACCOUNT?

Yes...as long as your payments are current as long as you don't exceed your credit limit. We cannot add on to your account unless you are current with your payments.
