Babe Ruth team finds win column

After a slow start, Morrow County's Babe Ruth baseball team is beginning to find the winning track. The young team won their last two games through last weekend after dropping their first seven league contests.

Strong hitting has been carrying the second-year team through the early part of the

106-82 and four players—Doug Holland, Dale Holland, Scott Martin and John Murray have all been hitting at better than a .350 clip.

The team broke into the league win column with a 13-8 victory over Manille on Tuesday, June 21. John Bier got the pitching call and struck out 14 batters. The eight Manille runs were scored off only five hits. Again, Morrow County was

strong at the plate, racking up 13 runs on 14 hits. Doug Holland was 4-5 with 3 RBIs.

The team kept the winning streak going the following night by handing the Auto Dealers their first defeat 14-3. Morrow County tallied 16 hits while holding the Dealers to five.

Doug Holland again led the hitters with a 3-4, 2 RBI performance. Rick Klaus, Scott Martin and Dale Holland con-

tributed a pair of hits and an RBI.

Manager Jim Swanson said he was happy to see the first win and hopes the team will "keep it up."

A serious blow came when Dale Holland suffered a knee injury that will keep him out for the rest of the season.

"He is the best 15-year-old in the league and we're going to miss him," Swanson said.

Lessons, open swims create pool activity

The second session of swimming lessons at the Heppner pool will start at 10 a.m. Tuesday, July 5 and continue through Saturday, July 9.

Depending on the turnout, lessons for children in all skill levels will be held at 10 a.m. Tuesdays through Saturdays while the next session, beginning July 5, will feature adult swimming lessons from 11 a.m. until noon.

Life-saving

Classes in junior and senior life saving are tentatively scheduled to begin Tuesday, July 19.

On Thursday evenings by special arrangement there will be some members of the Tupper Youth Conservation Corps in the pool during the adult swim. The tenor of these evening swims will be quiet and the marker rope will be down for those persons desiring to swim lengths of the pool for physical conditioning.

If response to the adult swims is poor the pool will open Tuesday through Thursday nights for private parties. Private party reservations are now being accepted for Saturday and Monday nights. Friday

night beginning at 8 p.m. is teen night.

This Sunday at 8 p.m. will be family night, a two-hour swim for swimming children and swimming parents with games and contests planned.

There will be no cut offs or jeans allowed in the pool. Only persons with bathing suits will be allowed in the pool. This requirement is necessary to keep the pool screening filter free of lint. Cut offs and other clothing scraps can clog this filter up in a matter of hours and slow down the necessary

water exchange needed to keep the pool clear and sanitary.

Season memberships for the swimming pool are available at city hall. Registration for swimming and diving lessons, party reservations and mother-tot swim, etc., should be made at the pool between the hours of 10 a.m. and 5 p.m. Tuesday through Saturday.

Persons wishing to volunteer to help with swimming lessons or who desire to take a Water Safety Instructors course should notify the pool manager this week.
