

## Ball awards at Fair

Home crafters should prime their pressure cookers for this year's canning competition at the Morrow County Fair.

The Ball Corporation will be back at the fair offering Ball "Sculptured Glass" canning jars to the best exhibits in open class and 4-H fruits, vegetables and meats. Ball "Quilted Crystal" jelly jars will be awarded to first and second place winners in open class and 4-H exhibits in jellies, jams and pickles.

To be eligible for the awards, the exhibit must be canned in Ball canning jars.

The 4-H Rocky Raiders Club planned an outing last spring and this past week enjoyed the results of their plans.

The trip to Lost Lake in the foothills of Mt. Hood was financed by a 4-H plant sale. The 4-H members and leaders have made the plant sale an annual event in Irrigon, where friends of 4-H contribute plants and shrubs. Plants are also purchased at wholesale from P.G.G. Over \$100 was banked and some of this went for equipment for the 4-H Rock Club. The club reserved \$128 for their outing.

Those who went on the

camping trip were Jyl and Becky Hobbs with their parents Mr. and Mrs. Floyd Hobbs, Lerry Wilson, Mr. and Mrs. Chester Wilson, Kim Shade of Burbank, Wash. and her grandmother Mrs. Marge Shade, Mrs. Pete Richards and Jim Peck of Boardman.

Their time was spent hiking and boating. The young people hiked the three-mile trail around the lake several times and along with Chester Wilson they hiked up to the Pacific Crest Trail view point.

A bridal shower was given for Vicky Sullivan who is the bride-elect of Brian Hadley of Irrigon. The shower was on

July 12 at the Irrigon Lions Clubhouse. She received many useful and beautiful gifts from some 50 guests.

The young couple plan to be married July 23.

Mr. and Mrs. Joe Stephens, Richard Karyl and Robert of Gresham spent the weekend at the home of their parents, Mr. and Mrs. E.A. Stephens.

Visitors at the home of Mr. and Mrs. Batie Rand were their son's family, Mr. and Mrs. David Rand of Portland.

Mr. and Mrs. John Wilson and family of Boise were weekend visitors of John's parents, Mr. and Mrs. Chester Wilson.

## Rainbows meet in Corvallis

The fifty-first Oregon Grand Assembly of International Rainbow was held June 23-25 in Gill Coliseum, Corvallis.

Those attending from Ione Assembly No. 89 were: Worthy Advisor, Barbara Devine; Kristy Edmundson, Grand Representative to Germany in Oregon; Brenda Patton, Grand Choir member; Mrs. Lewis Halvorsen, Mother Advisor; and Pat Edmundson.

Kristy Edmundson was chosen for Grand Charity next year. This is the third highest office in the state. Barbara Devine placed third in the state for an article she wrote entitled, "What Rainbow Means to Me".

The Grand Cross of Color degree was taken by 122

persons.

Grand Assembly gave three \$300 scholarships and 12 \$200 scholarships.

The Grand Worthy Advisor, Candy Sue Lindsey, collected 1685 stamps, paper and envelopes for the Masonic Home at Forest Grove. She collected 258 pillows and 160 craft kits to be divided between Doren-

becker Hospital and Fairview Home. She gave \$1,060 to the Blind School and the Kidney Foundation.

You probably wonder how she collects all these things. As she travels the state of Oregon and visits all the

assemblies—there are 82 of them—they give her money

and things for her projects.

All Rainbow Girls in the state sell Rainbow candy and this money also goes into the scholarship fund.

There were 1,342 registered members at the Grand Assembly this year and Erin Dunn, Reedsport, was elected as the next Grand Worthy Advisor.

## Did you bet on rain?

If you're about to lose, we can really help you.

Put in a Valley Center Pivot, right now. And as a special incentive, we can offer the cash bonus from the factory for taking advantage of this in-season installation. Three summer finance plans are available, too.

1. Flexible season payments
2. Lowest ever 10-year lease rate with minimum down
3. Interest free interim financing

So, call us today and keep in mind that you don't damage more than 2% of a stand by installing AFTER the crop is in. We'll treat your field like it was our own.

There are other good reasons to install a Valley Center Pivot right now. Ask yourself, do you think it'll cost less next year? Do you think good yields wait for rain? And you could probably swing a deal easier with a well driller at this time of year.

So don't wait another day. A couple of revolutions next month could make the year for you.
