

Extension Events... with Birdine Tullis

Three Morrow County women are in Corvallis this week, living on campus and having a "learning vacation", while attending the annual Extension OSU Mini College. Dorris Graves, Mildred Wright, and Ramona Marshall will have ideas to share with us on their return. The mini college week also

includes a meeting of the Oregon Extension Homemakers Council, where Dorris will serve as a voting delegate representing the women involved in Extension programs in our county. Camp...Space Odyssey is Ready to Fly! Counselors, campers, and staff are ready for a full four

days of fun and learning June 28-July 2 at the annual 4-H camp. Counselors will report to camp June 28 at 5 p.m. to finalize plans and prepare for the 80 or more campers who will arrive the next day. All counselors have been involved in plans and preparation, and we predict a really great camp this year.

Portland Tour
Thirty-eight leaders and members now know that if you leave Heppner at 6:30 a.m., you can have a full and exciting day in Portland. They know because they tried it—and liked it! The tour group were delighted with their stop at Daisy Kingdom (and came home with loads of

ideas for their fair garments). They heard how the owner started with \$175 and now has a multi-million dollar business, as well as how the business has expanded to include a decorator department, brides department, creative ideas, and classes. They learned they could view the history of Oregon, as

well as Oregon art, in a stop at the Historical Society Museum; had the opportunity to see the restoration and improvements in downtown Portland, as well as seeing part of the fleet leaving Portland. Bus driver Lindsay Kincaid, lone, earned the compliments of the entire group by keeping the group

right on schedule for each stop.

"Let's do more of this" was the request at the end of the day, so we feel the trip can be chalked up as a total success!

Hardman reunion

attracts 180

More than 180 persons attended the annual Hardman Reunion held Sunday, June 18, at the Hardman Community Hall. Hosts for the event this year were the McDaniel families. People attended from all over the state, as well as from Washington and Idaho. One and all enjoyed a day of visiting, catching up on old friendships, and a bounteous feast followed by old-time music and dancing. The Leathers families will be the hosts for the reunion next year.

Horsemen's playday set for June 24

The first Heppner Wrangler Jackpot Playday will be held this Saturday, June 24 at 7 p.m. at the Wrangler grounds. Participants must belong to the Wranglers and have parental consent if under 18. If this playday is a success, there will be more. For more information, call 676-9235 or 676-9879.

Wranglers set overnight ride

The Heppner Wranglers will hold their annual overnight ride Saturday and Sunday, July 15 and 16. They will leave Heppner Saturday at 10 a.m. from the fairgrounds and ride to Martin Prairie. There will be a moonlight ride Saturday night and a cowboy breakfast will be served Sunday morning. The public is welcome to attend. Please make reservations by calling 676-9235 or 676-9879.

Handicapped to receive school aid

School board officials are urging parents of handicapped children to contact local school principals or the school board office in Lexington to arrange for educational programming for their children. State and federal laws require that local school districts provide appropriate educational programs for all handicapped children. Such programs are to be developed with the advice and consent of the child's parents or guardians by qualified school personnel. Each student's individualized program will include planned learning goals, special equipment and assistance, and a schedule for periodic review and evaluation of the child's progress.

Volunteers repair tennis courts

A hardworking crew of Lexington parents and students reconditioned the tennis court on the school grounds last Saturday. Mrs. Norma Way and Mrs. Marian Robinson organized the work crew. The volunteers removed weeds and grass and patched holes in the court surface. In the near future another volunteer crew will paint new lines on the court to complete the project of putting the facility into usable condition.
