

Extension Events... with Birdine Tullis

Horse Judging Contest Results
 Top five judges in the 4-H Horse Judging Contest were Bridget Greenup, Cathy Lindsay, Ann Lindsay, Anne Van... with each to receive fair premium money for their efforts. Horse club events

must be held prior to County Fair, as State Fair events for the horse members coincides with our County Fair. Official judges for the contests were Merlyn Robinson for showmanship and horsemanship, with John Nordheim placing the conformation

classes. Umatilla County 4-H members traveled to our county to provide the classes to be judged last Tuesday evening, and in return, Morrow County 4-H members will provide classes for the horse judging events at Umatilla County Fair. State Fair and Pacific International judging teams are selected from the high scoring individual who participated in the judging contest, and are in the intermediate and senior age groups. Japanese Kids to Arrive Sun-

day. Fifteen families in the four county area of Morrow, Gilliam, Wheeler, and Sherman are counting the days until Sunday, July 23, when their very special summer guests arrive from Japan. Shirley Palmer coordinator for the four county Labo Exchange Program, reports all ready and anxious for the arrival. Chaperone Hideko Nabeshima will reside with the Les Paustian family. Labo student will be hosted by the Gerald Bergstroms, Butch

Laughlin, Rick Curtises and the Jim Bloodworths. One student traveling with the group will visit the Raymond Alvarais home in Pendleton. A picnic is planned Sunday August 6, Anson Wright Park for all families involved in the exchange with every one interested in meeting the Japanese group invited to attend. You'll be seeing the kids around town, so give them a smile and a warm Morrow County welcome! Camp Letovers

Camp isn't just a memory for us. We still have loads of items left by campers. The assortment of items left behind the campers includes blankets, pillows, flashlights, shoes, and all sorts of wearing apparel. If your camper came home minus belongings, give us a call! Eric Enjoying Morrow County Our visiting IFYE, Eric DeWulf is having a great time in Morrow County just like we knew he would! He has had the opportunity to see the 4-H

Belgium, that was only for the rich. He is very interested in agriculture, and with the help of the Roger Palmer family, is becoming well versed in the agricultural practices of the wheat growers. Accompanying Extension Agents Harold Kerr and John Nordheim to the Ag Fieldman's Breakfast, he had the opportunity to meet individuals involved in a wide variety of agricultural businesses. Later they toured irrigated farms where he saw our new developments and crops, including potatoes,

Irrigon news

Francis Rose
Wilson

922-3352

Irrigon's proposed sewer system appeared no nearer to being acquired after the July Council session than before. Contacts with DEQ and related agencies appeared to have had little effect on the city's priority status, which stands 134 on the list.

Efforts by the city over the past year, to show immediate and pressing need for the facility have met with little success.

The recently completed facility plan, which is the first of 3 steps to a sewer system, has not shown the city's need according to DEQ, that a health hazard exists. Extensive sampling of local wells and water bodies in the area is hoped to result in added pressure on the agency.

The priority list established annually consists of those areas planning sewer systems which may need funding through agency grants. Only few are funded a year. The city was informed that assurance of funding could not be given, even if it was one of the first 40.

A total of \$480,000 in sewer bonds has been authorized by the city toward construction of a sewer system. The estimated cost at the time of the bond election was approximately \$1 million. Because of inflationary trends the cost is increasing monthly. It is of utmost importance to the city that grant funding for the additional \$600,000 needed be acquired as soon as possible.

The remainder of the council session was punctuated by the coming and going of a number of citizens who evidently found little newsworthy in the boring session.

Marie Hall, city planner from East Central Oregon Association of Counties, was present to answer questions and comment on various aspects of the subdivision ordinance which was adopted after discussion and comment from the public.

An effort is being made by the city to have access to the highway from all intersecting streets.

Plans adopted by the State Highway Div. after hearings at the time Highway 730 was relocated west of the city, called for LIMITED ACCESS. City population increases since that time, coupled with business development, has made the limited access requirement an obstacle to orderly development.

Removal of the railroad tracks through town has changed the traffic picture considerably and opened highway frontage on the north for business development.

A public meeting with the State Highway Dept. on the matter is scheduled for July 25 at 7:30 p.m. in the North Morrow County Annex building in Irrigon. Area residents are urged to attend this meeting, which is important to the area's planned development.
