

# From many directions, HHS Class of '68 alumni return for reunion

by Justine Weatherford  
After a Saturday morning of golf was enjoyed by part of the group, 63 members of the H.H.S. Class of '68 and their spouses and teachers gathered at the Elks Club for an outstanding 10th reunion. John Van Winkle served as Master of Ceremonies. Susan Starks Johnson and other local classmates did a fine job of preparation including the collection of an outstanding picture display and the presentation of a souvenir reunion booklet to each class member in attendance.

At the Saturday evening banquet many awards were given out. The "Most Changed" went to Clem "Billy" Stockard. Debbie Young Dubuque was decreed "Least Changed." Kathy and Bill McCloud who now have 2 and 3/4 children got the "Largest Family" award. Merri Lee Jacobs traveled the farthest to the reunion from her San Diego home. The award for the "Least Hair" was by the unanimous action of the judges given to former basketball coach, Bob Clough from Albany, who has long had a very high forehead.

The day's top golfer award went to Al Weaver husband of class member Jennie Blake—the longest drive prize was won by neophyte Roger Britt—the best women golfer was Chris Munkers Laws.

The group especially honored their grade-school teacher Marguerite Glavey. Ex-football coach Ed Heimstra and ex-journalism teacher Rachel Dick gave banquet speeches. Norita Marquardt, accompanied by her brother, presented three vocal solos.

The gala evening ended with dancing to the tunes played by Jim Ackley and group. The class was pleased to learn that the popular music teacher also completed his high school years in 1968.

A most outstanding feature of the reunion was the carefully prepared booklets that were presented by the organizing committee to each classmate present. These included addresses and information from all who replied to reunion letters. The booklets are titled "What Ever Happened to the Class of '68?" The following facts about non-county dwelling classmates are certainly interesting.

REFERRED TO THE PEOPLE BY THE COUNTY COURT OF MORROW COUNTY, OREGON

PROPOSAL: Shall Morrow County be authorized to levy and collect taxes in the sum of \$146,598 outside the limitation imposed by Article XI, Section 11, Oregon Constitution, for the fiscal year commencing July 1, 1978 and ending June 30, 1979, these said funds to be used to balance the 1978-79 budget for the county-owned Pioneer Memorial Hospital?

EXPLANATION OF BALLOT: The budget of the county-owned hospital has, historically, been balanced by a combination of patient revenues and tax levies. In fiscal year 1977-78 only, the hospital operated without any taxes, relying instead on reserve funds which are now depleted. Tax support is necessitated by the fact that patient-generated revenues will not be sufficient to pay escalating costs for supplies, materials, equipment, personnel, improvements dictated by regulatory agencies and cost of physician recruitment and services for Morrow County. The \$146,598 tax will require a levy of approximately 42¢ per thousand assessed valuation and is projected as the minimum necessary to maintain satisfactory inpatient, emergency and nursing-home care services. If this measure is approved the \$146,598 will be added to the county's budget, raising it to a total of \$2,013,916 and the total county budget to be financed by local taxes would be \$461,791 greater than last year.

REFERRED TO THE PEOPLE BY THE COUNTY COURT OF MORROW COUNTY, OREGON

PROPOSAL: The General Fund budget being voted on in this ballot is \$1,867,318 which includes all county budgeted items except the hospital. The resources to balance this budget come from many sources, including federal and state payments and the local property tax levy. \$327,509 can be levied this year since it is the 1978-79 tax base, anything additional must be approved by the voters. In this case an additional levy of \$246,655 is necessary to balance the budget and provide the level of county services which the Budget Committee has approved. The total property tax levy including the road levy would require \$2.20 per thousand of assessed valuation. If this measure is approved, the operating budget to be financed by local taxes will be \$315,193 greater than last year.
