Pioneer Memorial nurse training program receives accreditation

The Pioneer Memorial Hospital Nursing Assistant Training Program has been accredited by the State Board of Nursing, Department of Human Resources' Health Division. The program curriculum consists of 30 hours of class work and 30 hours of clinical experience. A Nursing Assistant textbook and audio-visual aids are used in conjunction with practical experience. Upon completion of the course and successful passing of an examination, a certificate of completion is awarded to the student. Pioneer Memorial Hospital currently has a class of students nearing completion of the course. Not all of the students, however, will remain to work for the hospital. The hospital has a need for more nursing assistants and will start another class as soon as students are available. If you would like to be a Nursing Assistant, contact the Director of Nursing Service at Pioneer Memorial Hospital.
