AFTER FAIR THOUGHTS

The county fair is now a memory for the many people who labored long to make it one of the most eye-appealing fairs, as well as those who exhibited, or came to enjoy the show. Kind words and appreciation is due all involved. Many good comments have come my way in praise of our county fair, both from local people and from judges and others who attended.

TO STATE FAIR

We went to State Fair, both to work on the state 4-H style revue, and to build the Chamber of Commerce-Morrow County Booth. This was a "first" experience, which turned out to be both tiring and fun. In the process of getting a booth together (in the Jackman-Long Building)

we met so many really great, and helpful people from other Oregon counties, as well as the superintendents of the state event.

Of course, we were proud that our booth won honors, but the best part was the sharing of our lovely county with the crowds who thought it was beautiful, but didn't really know where Morrow County was. It was rewarding to see the joy of those who had lived here, or who had enjoyed a trip through our county, when they caught sight of a familiar place or face on our screen. We think a lot of people know now where Morrow County is and envy us for our wide open spaces, sagebrush, developments and our whole county picture.

SEW WITH WOOL

CONTEST FORMS ARE AVAILABLE

With the district Sew It Yourself With Wool contest again scheduled for Heppner on November 18, it is time for young people interested in competing to send in their entry forms. The forms are available at the Extension Office, or by calling Mrs. Jim West in Ione.

There are divisions for juniors (14-16 years), pre-teens (10-13), and seniors (17-24). Rules state that the garments must be of fabric or yarn of 100 per cent wool, or a minimum of 60 per cent wool, and no more than 40 per cent synthetic fiber. The Make It Yourself With Wool contest is more than just a sewing, knitting or crocheting contest. It is also a fashion competition. Judges look for coordination of the fabric to the pattern, poise and presentation, suitability of the garment to the contestant's age and way of life, as well as skill in construction of the garment.

Many valuable prizes and awards are available to the winners each year, with one girl from both the junior and senior divisions in each district selected to participate in the state contest.

If you are sewing some back to school garments, think about entering the wool contest.

BLUE MOUNTAIN SETS CLASSES IN WEAVING

A call from Nancy Brownfield, coordinator for the evening division BMCC classes for our area, informs me that Vera Simington, well known weaver from Pendleton, will be doing a very special class on off-loom weaving and elementary spinning on Sept. 30 and Oct. 7, 9 a.m. to 4 p.m. each day. The classes will be at the Lexington school district office. Pre-registration is required by Sept. 21 and should include tuition cost of \$18 and \$5 lab fee. Vera will have hoops on hand which may be purchased for the weaving.

Registration forms are available at the Extension Office or by calling Mrs. Brownfield.

Many requests have been received for the weaving class, so be sure to get your pre-registration in immediately or you may miss this opportunity.

Many other classes of interest to local individuals are listed in the BMCC fall calendar sent to all boxholders of the two-county area last week.

LOOKING FORWARD TO A NEW 4-H YEAR

When fair is past, and school begins, we immediately look forward to the beginning of a new 4-H program year. There will be some end-of-last-year events yet to come, but right now is the time for adults to consider involvement as leaders, and for youth to think ahead to which project they would find of interest.

If you are new in our county, just pick up the phone and dial 676-9642 and ask for John or Birdine and you'll get answers to questions about leadership or membership. That is the way to let us know your interest. Leaders are needed in all our county to expand youth opportunities for good learning experiences.

Special thanks to all who provided awards for 4-H members at county fair, to those who served faithfully as 4-H superintendents, and last but not least, to the parents who stand behind the members, getting them to events on time and who are there when needed. A special 4-H salute to all who make fair possible.
