

BMCC registration policies are posted for fall term

Registration for classes at Blue Mountain Community College has been set for Thursday and Friday, Sept. 21 and 22, at the McCrae Activity Center.

Centralized registration at the MAC will allow all people to register in a more efficient manner than in the past. Pat Loughary, dean of students, pointed out, "We are trying to save students from running all across campus trying to complete registration."

Sophomores and returning students will register Thursday, 8:30 a.m. until 1 p.m. After that, all students may register Thursday from 1 p.m. to 4:30 p.m. and Friday 8:30 a.m. until 4:30 p.m. A special evening registration is set for Thursday 7-9 p.m. for all students.

For part-time students, a special express system has been developed. Loughary noted, "The student who wants to sign-up for one or two classes can get registered and get out without going through the longer process."

Registration by mail for more than 100 evening classes throughout the Blue Mountain Community College district continues for classes which start the week of Sept. 25. Classes are being offered in Pendleton, Milton-Freewater, Hermiston, Athena-Weston, Stanfield, Umatilla, Boardman, and Heppner.

Several hundred preregistrations have been received by mail. Some classes of limited enrollment have filled but many courses still remain open for registration, according to Larry O'Rourke, adult education division.

"Every full-time student needs to see an adviser," according to Dean Loughary. Advisers will be available during the week of Sept. 18 as

well as during registration times.

Students are advised to make their financial arrangements prior to registration day in order to complete registration. Questions regarding financial assistance can be answered at the

financial aid office 276-1260, ext. 201 prior to Sept. 20.

All college activity Thursday and Friday of registration will be centered in the MAC Offices will be closed allowing college personnel to be at registration.

School board meets to review building bids

The Morrow County School District Board will hold a special meeting in Boardman on Sept. 26 at 7:30 p.m. at Riverside High School.

The purpose of the meeting will be to open bids for construction of a shop at Riverside High School and a Multi-Purpose room at A.C. Houghton Elementary school. Also on the agenda is a request to authorize the purchase of a school bus to alleviate a transportation problem at Boardman.

Following the business meeting, the Board will meet in

executive session to consider matters related to collective bargaining.

Chief of Police,

Concerned citizens meet on hospital....

Cont. from page 1

explain the group was opposed to the formation of a county-wide health care district which has been proposed by petition to the County Court.

"The health care district is entirely too broad, with undivided authority," said Mrs. Hager, adding that she thought the "hospital will be a

very small item in the county-wide district."

There was also discussion about the loss of long-time employees at the hospital. One former hospital employee in the audience stated that 18 persons have quit their jobs at the hospital since May.

"We don't have any inten-

tion of dealing with employees problems, but it is of concern to us why the employees—many of whom have been there for 10 years or longer—are quitting," said Mrs. Hager.

The prime purpose of the group, according to Mrs. Hager, will be to attend and

observe all hospital board and county court meetings. About six members of the audience volunteered to cover the

meetings. Future meetings of Concerned Citizens will be announced.
