place out of 84 countries participating.

He is a small, crafty player with tremendous loops, chops, crashes smashes and wild loobs.

Jogkhw Tareepranichpan

Jogkhw is 4'11" tall and weighs 100 lbs. She is 16 years old with a spectacular attacking game and a ball smashing, hardhitting forehand. She has been Thailand's women's champion for the last three years, as well as being ranked in the top five women division anywhere in the world before turning professional.

She won Thailand's women's championship title in 1976 and won the country's mixed doubles title that year also. She has been an asset to the amateur team before turning pro and in the last three years represented Thailand and all southeast Asian countries as well as playing in North Korea for the second Asian table tennis championship in 1976. She also went on to play in the Peoples Republic of China that year.

Chuchai Chan

Chuchai is 29 years old, 5'8" tall and weighs 150 lbs. He was just recently married and has been Thailand's national champion three times in 1972, 1973 and 1974.

Before turning pro he has represented Thailand in Peking twice, as well as every southeast Asian country and at the world's champion amateur matches, held every two years in Japan, and again in 1971 and 1975. He was southeast Asia's gold medalist.

This gentleman is left handed and is currently the only professional left handed player. His specialty is his tremendous counter drive loop.

Zoltan Pataky

Zoltan Pataky is 28 years old, married and currently residing in Canada.

Before coming to Canada, he escaped from the iron curtain countries and cannot return. Before turning professional, he was the Hungarian champion and had wins over the top players in Russia, Yugoslavia and other Baltic states.

On arriving in Canada he was a Canadian amateur champion and, after turning pro, had wins over P.C. Chiang, the Chinese world professional title holder for 1975 and 1976. He also has had wins over United States champions Tom Ruittinger, Rob Roberts and Joe Lee.

oriented functions. Indeed, the times they are a changin'. The pursuit of the almighty dollar and a change in responsibilities and priorities are much in evidence, as witnessed and described by a number of fans in Elgin.

Some people who should have cared couldn't care less. Congratulations are in order for the Mustangs who made the Columbia Basin All-Conference team. Heppner players named on offense were Dennis Peck, Joedy Marlatt, Jim Parker and Dale Holland.

Listed on the defensive unit were Bryan Marlin, Joedy Marlatt and Dale Holland.

Second team honors went to Ray Miller on offense, to Jim Parker on defense, and to Bryan Marlin as a punter.

The exciting part of the news is that two Mustangs were named first-team both on offense and defense (Joedy Marlatt and Dale Holland) and one was first-team offense and second team defense (Jim Parker). Guess what! They are all juniors and will be back bigger, faster and better next year. And don't overlook second-team offensive center Ray Miller. Ray is a sophomore and will be around for two more years. It is quite an honor for all these young men!

I was dismayed to see that Bryan Marlin was not listed somewhere in the running back picks. I don't know if the league has MVP selections, but I would cast my vote for

Bryan Marlin. Bryan was a consistent runner all season. His driving, twisting, get-every-available-yard runs were the rule rather than the exception. Bryan is also an excellent blocker, who many times sprung Dennis Peck on his patented sprints to the goal line.

Bryan was listed a first-team, all-league defensive back, which is understandable. Bryan ended the year with numerous interceptions and he let the opposition know he was around with his crisp, hard tackles. And don't forget, he was named second-team punter.

Put all of that together with the fact that he was co-captain and one of the team leaders and what do you get? A solid vote for an imaginary MVP.
