## Fight Inflation With Safeway

A Safeway service in support of suggestions from the U.S. Office of Consumer Affairs

**INFLATION FIGHTING ideas**

**4 "What Cost Convenience?"**

The U.S. Office of Consumer Affairs reminds us that while modern food technology has provided us with many convenience products that can save us time we, as consumers, should consider the "trade-offs." For example, frozen vegetables in a cream sauce offer a time-saving convenience but by taking a few extra minutes of your time, you can eliminate the additional cost of this "service."

In most cases, preparing food from "scratch" will cost you less and you may be serving food with better flavor and at least comparable quality.

If you have the time and the few additional ingredients you'll need to have on hand for cooking dishes from "scratch," you'll find yourself striking a telling blow against inflation.

Next week's Inflation Fighting Idea: "NO MATTER HOW YOU SLICE IT, IT'S CHEAPER IF YOU SLICE IT."
