Entrants sought for national 4-H poster design contest

Morrow County 4-H'ers may tell others what 4-H has meant to them while expressing their creativity by entering the 1979 poster contest. The posters, measuring 14 by 22 inches, are used to promote 4-H, both in Oregon and nationally. Morrow County may enter five

Older 4-H members who are planning to apply for state and national awards are reminded that right now is the time to be getting their record books up to date, as well as come by the office and discuss the program with Birdine or John. We have many outstanding

to our state office. Morrow County had two national trip winners last year, and hopefully, will have several applicants again this year.

Information will be mailed members in the near future, but in the meantime, come by and get a head start.

THINK SPRING

It must be on the way! Under all that snow—and mud of floods—there are living things! A trip across country to LaGrande allowed a look at the country, and some wheat fields are showing green, already. In my yard I see brave daffodil leaves and other early spring things peeking through, and it reinforces my belief that there will be spring this year! For those interested in gardening or landscaping, I hear that the Lone Garden Club will be offering one of their "open" educational meetings on March 14. They will welcome all who would attend.

COAST TRIP PLANS GET SMALL REGISTRATION

We are in a quandry over the planned trip to the coast during spring vacation. Very little response was received in answer to letter of registration sent out. Due date for a reply was Feb. 15. If no more interest is indicated, the trip will be cancelled.

posters. Selection of posters to go on to the national contest is carried out during 4-H Summer Week at O.S.U. in June.

This year, posters may relate to one of two suggested theme ideas or to an "open category" which allows the member to carry out their own theme and ideas. The suggested themes are "4-H-Reaching Out", and "4-H—There's Something in it For You". Posters may be done in any medium, such as watercolor, ink, crayon, charcoal or a collage. They may be either horizontal or vertical in composition.

Deadline to submit posters to the extension office in Heppner is April 1. All local posters submitted for the contest will be displayed during county fair in the 4-H building. All submitted will be judged by an impartial committee for the selection of five to be sent to state level competition.

The annual 4-H Horse Members Workshop will again be offered this June for members who have finished the 10th, 11th or 12th grades. The older 4-H members will have the opportunity to register for this event rather than attend the traditional week of events at OSU. The event is offered simultaneously with Summer Week, and those who attend may travel with the group attending Summer Week.

The Workshop is an in-depth look at horses and their management. Instructors for the Workshop will come from the OSU School of Veterinary Medicine and departments of animal science and crop science. Attendance will be limited to 80 members and 10 leaders at the state event. Morrow County horse club members in the older age group are encouraged to come by the extension office and visit with John about the Workshop. Registration forms will be in the information concerning Summer Week activities which will be mailed later this spring.
