

Morrow County on display in State Capitol Building

Scenes of Morrow County's past, present and future are on display at the State Capitol Building in Salem. Morrow County was one of the first counties in the state selected to enter displays in the new Capitol Building exhibit area. Material for the four Morrow County showcases was collected by upper Rhea Creek rancher and farm history buff Harold "Shorty" Peck. The displays were arranged by staff of the Oregon Historical Society. Exhibits include implements used by early day Morrow County shepherds, a display on wheat, and a display on the county's new power and pivot irrigation developments.
