County well represented at Oregon State Fair in Salem

by Birdine Tullis

As the excitement of our county fair ended, many packed up and took off for the State Fair in Salem.

A quick stroll round the state fair grounds and you will soon be aware that our eastern Oregon county is very much in evidence. In the Jackman Long building you'll see the county booth proudly displaying a sign that it was chosen the overall champion in the booth section. In that same building you will find a large display of Morrow County wheat, barley and sheaves. This is the place, also, to see other agricultural displays, and food preparation demonstrations by the various commodity groups, as well as home ec exhibits.

Over at the barns are Morrow County cattle... and the people who show them. First trip to the barn found the Greib family, Van Schoiacks and Kryn Robinson busily grooming beef cattle for showing. On another trip, I observed Ken and Julie Grieb, Ann VanSchoiack and Kryn Robinson in the FFA show ring...and doing well. Proud parents standing on the side line encouraging the kids. Later this week, Ken and Jeff Bailey will be showing their cattle in the same place for 4-H competition.

Many 4-H exhibits are evident in the 4-H activity center...all judged and ready for you to enjoy. The tole painters have again carried off the state honors in that department...for all seen seemed to have a purple or lavender ribbon...champions and reserves. The geology exhibits are right there on the first floor, as are the horticulture and foods.

Upstairs in the 4-H building are the clothing, crafts, and knitting exhibits. There are many 4-H exhibits from this county there, too.

And there will be more

Morrow County there later in the week. The dates for Morrow County style revue, foods preparation, and presentation on "Incredible Edibles"; Jyl Hobbs and Margaret Doherty will appear in the style show; Lori Witt will bake a pie; Becky Hobbs will enter the sandwich contest... just to mention a few! I had the pleasure of serving as chairman of the first of three 4-H state style shows, as well as designing and building the county booth, so while it was work days for me...I still

found time to check on Morrow County at State Fair!

County fair is an opportunity for our 4-H and FFA members to show and share their learnings with local residents. State fair offers the same opportunity in a broader sense...a chance for members to measure their accomplishments against members from all Oregon, as well as an opportunity to learn new skills...and make new friends.

If you are planning a trip to the state fair, look for Morrow County faces in the crowds!

See it in action! New IH 1470 Axial-Flow Hillside Combine

... the world's largest
... the world's most productive

This new International literally dwarfs our previous model—in specifications, and in crop-saving field performance. Just look at what the 1470 hillside offers you to wrap up your harvest faster than ever:

It's powered by a 205 hp turbocharged diesel engine, and it has an exclusive 4-wheel drive. There's power and traction to flatten out your steepest hills.

It has a wheel tread of 158 inches, and it levels on slopes up to 48%. This provides the stability to work on your steepest slopes with greater safety.

And, it has headers as big as 24 feet in order to satisfy the tremendous "appetite" of the revolutionary Axial-Flow threshing/separating mechanism.

There is a 1470 working in our area right now. Come in, and we'll make arrangements for you to see it in action. Once you see this revolutionary machine, we're sure it will change your plans about next year's harvest.

The new International 1470. Truly the world's largest, the world's most productive hillside combine. See us soon.
