

## Ione gardeners make dried floral arrangements

Members and guests of the Ione Garden Club met Oct. 10 at Hubbard's T. & C. Storage Headquarters in Ione to compose arrangements from dried materials they had collected on a field trip in August.

Loree Hubbard was hostess for the meeting during which Jean Nelson's birthday was celebrated with a buttermilk, chocolate short cake made by Pat Pettyjohn.

Wall hangups, basket arrangements and many other types of designs were created from the assorted grains, curly dock, yarrow, mullin, grasses, driftwood, dried sunflowers and black-eyed susan seed heads, baby's breath, Japanese lanterns, teasel, money plant and other materials collected.

President Delta Huber conducted a business meeting and the Sept. 23 flower show was reviewed by co-chairman Helen Martin. Rides for members planning to attend the district meeting in Pendleton were arranged. The skit which will be presented by the Ione Club at that meeting was rehearsed.

Special guests of the club were Carol McKaig and Sharon Arends of Ione and Linda Nance, of Lexington.

The November meeting will be held at the country home of Ruth McCabe. The program topic which will be presented by member Nancy Miller will be "The Advantages of Combinations of Plants for Pest Control."

Anyone interested in attending may contact one of the Ione members.

## 5 roads in Ukiah district closed

Forest Supervisor, Herb Randolph of Umatilla National Forest, has issued a closure order restricting motorized vehicle use on five forest roads, in the Butcherknife area on the Ukiah Ranger District.

The closure order prohibits the use at any time of the year for vehicles over 40 inches in width on the affected roads.

Potential hunters and visitors should check with local Forest Service offices for further details.

## Lock traffic restricted

The navigation lock at John Day Dam is open to traffic on a temporarily limited night schedule until tomorrow while anchor cables that stabilize the upstream floating guideway are repaired, the Army Corps of Engineers has announced. Until Friday, the navigation lock will be open between 4 p.m. and 8 a.m. on weekdays, and all weekend.

Closure of the lock this week was coordinated by the corps with a lock force representing commercial shipping interests, to allow replacement of deteriorating cables which keep the floating guideway aligned with the navigation lock.
