Morrow gets tax relief funds

Morrow County has received \$147,930.64 from the Oregon Department of Revenue for payment of homeowner property taxes.

Under the Legislature's new Tax Relief Plan, the state pays part of the taxes on owner-occupied homes. Counties show the state payment as a credit on homeowner property tax statements, then bill the revenue department for the difference between the reduced homeowner payments and the actual amount of tax being levied.

Morrow is the 33rd county to receive the state payment.
