

### Fund raising bike ride May 17

Bebe Munkers, chairperson for Alpha Theta's Cystic Fibrosis Spring bike ride in Heppner, announced last week that the ride will be Saturday, May 17, at 9:30 a.m.

Participants may pick up sponsor sheets at the Heppner Grade School and will be asked to meet at Hager Park at 8:30 a.m. if they need a ride to Ruggs. Otherwise they should be at Ruggs by 9:30.

The Ride will be 22 miles from Ruggs to Lone city park. There will be water stops along the way and a hotdog feed at the park at the end of the ride.

Prizes will be two \$50 bonds, one for the boy and one for the girl turning in the most money by May 28.

Everyone, turning in at least \$25 by May 28 will be awarded a Cystic Fibrosis T-shirt.

Money must be turned in to Donna Weed at the Elementary School.

Cystic Fibrosis is the number one genetic killer of children and is second only to cancer.

In 1955, most patients died before they reached school age. Now, thanks to research, treatment and education, a child has a 50 percent chance of living to age 19. The ultimate goal is to find a cure for this hereditary disease.

### Tax errors can be corrected

Income tax return filing season is over now that April 15 has passed. But what if you just realized you made an error on your return?

Oregon residents who need to change their state income tax return can file Form 40X. The form, can be used to correct information about income, tax credits, deductions, personal exemptions and other income tax matters.

Form 40X and the nonresident and part-year forms are available at Oregon Department of Revenue offices or by writing: Stockroom, Oregon Department of Revenue, State Office Building, Room 12, Salem, OR 97310.

### Heppnerite in Pacific

Navy Chief Aviation Electronics Technician Grant S. Carter, son of Ola M. Grosbans of 380 N. Gilmore, Heppner, has departed for the Western Pacific and recently participated in exercise "Rimpac 80" in the Pacific Ocean.

He is a member of Carrier Airborne Early Warning Squadron (VAW) 116 based at the Miramar Naval Air Station, San Diego. While deployed, his squadron is embarked aboard the aircraft carrier USS Constellation operating as a unit of the U.S. 7th Fleet.

"Rimpac 80" was the seventh in a series of major Fleet exercises involving "rim of the Pacific" nations. Forty-one ships, 200 aircraft and 20,000 sailors and airmen from Australia, Canada, Japan, New Zealand and the U.S. participated.

The exercise was designed to test and improve combat readiness of the units in most aspects of maritime warfare. Anti-surface, anti-air and anti-submarine warfare were practiced, along with at-sea replenishment and opposed transits. Also, a weapons firing was conducted at the Pacific Missile Range Facility at Barking Sands, Hawaii.

VAW-116 flies the E-2B "Hawkeye" early warning aircraft. The "Hawkeye" is outfitted with an electronically-developed radar system that is capable of long range detection and identification of airborne targets.

Carter joined the Navy in February, 1964.
