

Methodists staged a "whale of a lawn sale" last Saturday on the grounds surrounding the church and parsonage in Heppner. Here, Carol Helphinstine, carrying her baby Kris on her back, makes a purchase from Ida Farra, who was in charge of one of the tables.

Social Security numbers needed for jobs

Anyone needing a social security number should apply six to eight weeks before it is needed, according to a Pendleton Social Security Office news release.

Many employers are refusing to hire persons without social security numbers, because of the potential record keeping problems it poses. Employers need correct social security numbers to report wages for social security purposes. If the number or other identifying information does not match social security's records, the employer may often get involved in a time-consuming process to correct the record.

Evidence of a person's age, identity, and citizenship status is required at the time of application. In addition, anyone 18 or older must apply in person at a social security office.

The best evidence of a person's age and citizenship status is a public or church record of birth recorded before the fifth birthday, or a baptismal record recorded before age five. Thomas B. McPherson, branch manager, said.

Many different documents can be used to provide identity, such as a driver's license, voter's card, an ID card, club membership card, or similar items showing signatures and personal information.

People born outside the United States may show their citizenship papers or immigration documents.

Marketing explained

Secretary of Agriculture Bob Bergland has partially attributed the national average price for wheat of \$3.52 to the general depression in commodity markets brought about by tight money.

High interest rates and tight money markets have resulted in cutbacks in inventories, but this situation will ease by fall, he predicted, and grain prices will gradually rise.

He also said that the Soviet grain embargo is working well, and that the Soviets "are in more trouble than they admit." "If they have a bad crop, they are in huge trouble. If they have a good crop, they can muddle through, maybe," he commented.

USDA buys wheat for \$3.65 a bushel

U.S. Department of Agriculture announced April 14 it bought 94.4 million bushels (2,572,207 metric tons) of wheat from farmers.

The average prices, by class, paid for the wheat were: \$3.81 per bushel for white wheat; \$3.90 per bushel for soft red winter wheat; \$3.66 per bushel for hard red winter wheat; and \$3.60 per bushel for hard red spring wheat.

The weighted average price for all classes of wheat bought was \$3.65. The total purchase price was \$342,708,758.

Photocopies cannot be used. The original of all documents should be submitted and all documents will be returned.

All applications are sent to the Baltimore office, checked against existing records, processed, and the cards are sent directly to the applicant.

IN THE UNITED STATES DISTRICT COURT, FOR THE DISTRICT OF OREGON, UNITED STATES OF AMERICA, Plaintiff, versus R.S. THOMPSON and GWENDOLYN THOMPSON, husband and wife; JAMES M. HAGER, ESTATE OF JEWELL W. HAGER, DECEASED; ALTON L. OSMIN, TERRY THOMPSON; KAREN THOMPSON, THE FEDERAL LAND BANK OF SPOKANE, STATE OF OREGON, DEPARTMENT OF REVENUE, UNKNOWN HEIRS and DEVISEES OF JEWELL W. HAGER, DECEASED, UNKNOWN OWNERS, and MORROW COUNTY, a municipal corporation and political subdivision of the State of Oregon, Defendants. Civil No. 79-710.

NOTICE TO UNKNOWN HEIRS AND DEVISEES OF JEWELL W. HAGER, DECEASED, AND UNKNOWN OWNERS.

You and each of you are hereby notified that a Complaint in Condemnation has heretofore been filed in the office of the Clerk of the above-named Court in an action to condemn a temporary easement in, on, over, and across the land described in Exhibit "A," which follows this Notice, for a period not to exceed twelve (12) months, beginning with the date of possession of the land is granted to the United States, for use by the United States, its representatives, agents, and contractors, to survey, appraise, conduct test borings, backhoe test pits, and conduct other exploratory work necessary to the design of a public works project, including, however, to the landowners, their heirs, and assigns, all such rights and privileges as may be used with or without interference with or abridgment of the rights and easement heretofore acquired, subject, however, to existing easements for public roads and highways, public utilities, railroads, and pipelines.

The authority for the taking is Act of April 24, 1980 (95 Stat. 93, 33 U.S.C. sec. 591), Act of March 1, 1917 (40 Stat. 950, 33 U.S.C. sec. 701) Act of October 27, 1965 (Public Law 89-298) and Act of October 18, 1976 (Public Law 94-482).

You are further notified that if you have any objection or defense to the taking of your property, you are required to serve upon Plaintiff's attorneys at the address herein designated with twenty (20) days after the date of the last publication of this Notice an answer identifying the property in which you claim to have an interest, stating the nature and extent of the interest claimed, and stating all your objections and defenses to the taking of your property. A failure to so serve an answer shall constitute a consent to the taking and to the authority of the Court to proceed to hear the action and to fix the just compensation and shall constitute a waiver of all defenses and objections not so presented.

You are further notified that if you have no objection or defense to the taking of your property, you may serve upon Plaintiff's attorneys a notice of appearance designating the property in which you claim to have an interest, and thereafter you shall receive notice of all proceedings affecting the said property.

You are further notified that at the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of compensation to be paid for the property and you may share in the distribution of the award.

Date of last publication: May 22, 1980. SIDNEY I. LEZAK, United States Attorney, District of Oregon, HENRY C. LORENZEN, Assistant United States Attorney, Attorneys for Plaintiff, 312 U.S. Court, house, P.O. Box 71, Portland, Oregon 97207.

Local water topic of meeting

The Oregon Water Resources Department will hold an informational meeting May 29 in Hermiston to discuss its study of ground water in the Umatilla Basin.

The meeting will begin at 7:30 p.m. in the Hermiston Junior High School Auditorium.

The Umatilla Basin covers a 2,000-square-mile area in Morrow and Umatilla counties. It includes Butler Creek, Heppner and Willow Creek.

Water levels have declined over a wide area due to pumping for irrigation. The Water Resources Department is documenting these declines to determine if the ground water of the area should be managed.

Symposium set

A daylong statewide symposium on alcohol fuels for farm use will be held June 7 in Corvallis, at Oregon State University's Milam Auditorium.

STATE MEASURES

REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

1 CONSTITUTIONAL AMENDMENT LIMITS USES OF GASOLINE AND HIGHWAY USER TAXES

Question: Shall gasoline, vehicle taxes be used for highways only, not policing, except recreational vehicle taxes also for parks, recreation areas?

YES ☐

Purpose: Proposed constitutional amendment would change present limits on use of gasoline and vehicle taxes and fees. These taxes are now available for highways, including their policing, and for parks and recreational and historic places. Change would limit tax use solely to highways, including rest areas but not policing. However, taxes on recreational vehicles could also be used for park and recreation areas, and taxes on commercial vehicles could also be used for weighmaster activities.

NO ☐

2 AMENDS LIQUOR BY THE DRINK CONSTITUTIONAL PROVISION

Question: Shall constitution authorize laws allowing off-premises liquor service by food-serving licensees, and licenses for additional passenger common carriers?

YES ☐

Purpose: Constitution now limits passenger common carrier liquor-by-the-drink licenses to railroads; requires common carrier licenses to cook and serve food where liquor is served. Proposed amendment would authorize laws permitting liquor licenses for other passenger common carriers (bus, airlines); and allowing commercial liquor licensees cooking and serving food to also serve liquor by the drink, at another location where food is not cooked and served, subject to requirements to be established by law.

NO ☐

STATE MEASURES

REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

3 STATE BONDS FOR SMALL SCALE LOCAL ENERGY PROJECT LOAN FUND

Question: Shall state sell bonds, backed by credit of state, for loan fund for small scale local energy projects?

Purpose: Constitutional amendment would authorize state to sell bonds, backed by state credit up to one-half of one percent of value of taxable property in Oregon, to create a loan fund to finance small scale local energy projects. All loans from fund must be secured. If loan repayments are not enough to repay debt, measure requires annual levy on property in Oregon, or other funds made available by legislature, to repay bond principal and interest.

YES ☐

ESTIMATE OF FINANCIAL EFFECTS: Based on the Department of Revenue's certified statement of Oregon's 1979 taxable property this constitutional amendment would establish a maximum bonding limitation of \$295.1 million to provide for the Small Scale Local Energy Project Program.

NO ☐

4 VETERANS' HOME AND FARM LOAN ELIGIBILITY CHANGES

Question: Shall home and farm loan eligibility requirements be made the same for all veterans?

Purpose: Proposed constitutional amendment standardizes veterans' home and farm loan eligibility requirements. Requirements are: 210 days active duty, or earlier release for service-connected disability; any service between September 1940 and December, 1976, honorable discharge or separation to reserve, and Oregon residence at enlistment or for five years after separation from active duty, and at loan application. Eligibility expires 30 years after separation, or January 31, 1985 if later, extending already expired WWII veterans' eligibility.

YES ☐

NO ☐

5 CONTINUES TAX REDUCTION PROGRAM

Question: Shall tax reduction program adopted in 1979 be continued after 1980?

Purpose: Approval of this measure would allow continuation of the following tax reduction program after 1980:

- (1) Limit on property assessment increases to a statewide average of five percent by class.
- (2) Reduction of the property taxes on owner-occupied principal residences. Equivalent relief to renters.
- (3) Reduction of personal income tax.
- (4) Increased tax relief under Homeowner and Renter Relief Program (HARRP).
- (5) State expenditure limitation.

ESTIMATE OF FINANCIAL EFFECTS: Passage of this measure will establish both an expenditure limitation and an ongoing tax relief program that will have the following effect in the fiscal year 1982: it will reduce personal income tax revenues by \$80.0 million; it will authorize \$168.4 million in property tax relief payments for homeowners and renters; it will increase Homeowner and Renter Refund Program (HARRP) Payments by \$9.0 million; it will refund to qualified taxpayers excess revenues collected during the 1979-81 biennium, if the revenues collected are more than 2% greater than the official revenue estimate.

6 DEFINITION OF MULTIFAMILY LOW INCOME ELDERLY HOUSING

Question: Shall "multifamily housing" band program allow unit ownership or purchase as well as rental or lease, by low income elderly?

Purpose: Provides definition of multifamily housing in elderly housing band program previously approved by voters in May 1978.

Allows bonds to be used to finance structures or facilities which include but are not limited to apartments, cooperatives, mobile home parks and congregate care facilities, in which the units are rented, leased, owned or purchased by low income elderly households.

COUNTY MEASURES

REFERRED TO THE PEOPLE BY THE COUNTY COURT

7 SPECIAL ELECTION TO APPROVE TAX LEVY OUTSIDE SIX PERCENT LIMITATION

Shall the voters authorize Morrow County to levy \$1,330.139 outside the six percent limitation to balance the 1980-81 operating budget?

The purpose of this measure is to provide funds to balance the county's operating budget for fiscal year 1980-81.

EXPLANATION OF PROPOSAL: The total proposed FY 1980-81 county budget to provide the level of county services approved by the budget committee is \$4,362,404. That figure includes roads, hospital, and all other county budgeted items except the animal control fund, which is the subject of a separate ballot. The resources to balance the budget come from many sources, including federal and state payments and the local property tax levy. A total property tax levy of \$1,893.129 is necessary to balance the budget. This total includes \$367,990 the county's tax base, the \$195,000 road serial levy, and the \$1,330.139 additional for which voter approval is sought in this election. If this measure is approved, \$1,893.129 (i.e., all) of the taxes levied will be financed partially by the State of Oregon which will result in an estimated tax rate of \$3.57 per \$1,000 of true cash value.

YES ☐

NO ☐

8 SPECIAL ELECTION TO APPROVE TAX LEVY OUTSIDE SIX PERCENT LIMITATION

Shall the voters authorize Morrow County to levy \$27,493 outside the six percent limitation for animal control operations?

EXPLANATION OF PROPOSAL: Morrow County has been petitioned to provide animal control services on a county-wide basis. The service would be financed primarily on dog control and would be available both inside and outside cities. A total animal control budget of \$57,957 is contemplated. This budget would be partially balanced by fees, fines and revenue sharing funds. The proposed property tax levy of \$27,493 is needed to balance this budget. If this measure is approved, \$27,493 (i.e., all) of the tax levied will be financed partially by the State of Oregon which will result in an estimated tax rate of \$.08 per \$1,000 of true cash value.
