

4-H events starts Monday

Events for 4-H members start Saturday, Aug. 16, with style revue judging that morning and the 4-H Horse Show beginning at 2 p.m. Exhibits may be entered Sunday afternoon or by 9 a.m. Monday.

Judging of exhibits, contests and events carry on throughout the following three days.

There's something happening all the time with 4-H at county fair. Come out and enjoy.

What's a fair without clowns

What's a county fair without clowns? We know where some of the clowns will be this year when fair starts. "4-H Circus in Beautiful Morrow County" will be the theme followed in decorating the 4-H Annex. The familiar room will be alive with clowns and balloons on walls to brighten the atmosphere where home ec girls and boys exhibit and participate in contests.

Yearly, superintendents and leaders try to come up with

new and original ideas for the special 4-H place at fair. They have received high ratings and praise from the state fair evaluators for their creative displays and attractive atmosphere.

There'll be real live clowns around the fair grounds at times during fair, but in the meantime, come visit the "4-H Circus" in the Annex. Take time to enjoy all the exhibits, and to watch the contests on Tuesday and Wednesday.

Lots of good eating at snack shack

There will be the usual good eating at the 4-H Snack Shack again this year during county fair, including breakfast on Monday, Tuesday and Wednesday mornings. Pete Richards, fair board chairman and 4-H leader will again serve as general purchasing agent and chairman for the 4-H Snack Shack, with assistance from volunteer parents and leaders.

The Snack Shack will be open Saturday, Aug. 16, for the 4-H Horse Show, with leaders and parents from the Country Critters Club providing the man power that day. Regular schedule for the Shack starts Sunday at 11 a.m. to provide good eating and cool drinks during the Wranglers Open Horse Show. The facility will be open for the remainder of the fair from 7 a.m. to 10 p.m.

The Snack Shack is the only money making project carried out each year by the 4-H Council. Proceeds made sup-

port many 4-H activities including scholarships for any young person to attend camp, funds to send representatives to Know Your State Government Conference, Achievement Nights, awards and other worthwhile projects.

Parents, friends, 4-H members, or anyone interested in helping support the 4-H program are encouraged to call 676-9642 to volunteer two or more hours of their time to fill the work shifts.

The Snack Shack is the center of activity at fair... there's no better place to see your neighbor, or a friendly face for a visit than in the shade near the Snack Shack. Good economical food for everyone is provided, along with milk or soft drinks. Help your county 4-H program by working a shift... your help is especially needed this year, as many work shifts are short on help!
