

What's your opinion? Methodist youth sponsor Halloween, Sale enterprises

Laurie McCabe

Question: Should nuclear waste disposal facilities and voter approval be required before more nuclear plants can be built in Oregon? (Ballot Measure No. 7)

"Yes," says Laurie McCabe, 21, of Dayton who was in Heppner visiting her parents, Ernie and Mary Jean McCabe. "Until they can find out what they can do with the waste, I think it's too dangerous. I think the people should have the decision."

The Methodist Church senior high youth group will be selling Halloween "insurance," donuts and cider next to the Posey Patch in Heppner during the annual Moonlight Sale next Thursday, Oct. 30.

The Methodist junior high youth will be offering baby sitting at the church during the sale.

On Halloween night the church will be sponsoring a dance from 10 p.m. to 2 a.m. at the empty car dealership building across from Coast to Coast on Main in Heppner. Cost is \$2 per person.

The largest body of fresh water in the world is Lake Superior, covering an area of 31,820 square miles.

Senate District 28

Paid for by Re-elect Senator Ken Jernstedt Committee.

We're bringing history to you. NOW.

You can be a part of our new, but historic, NOW ACCOUNT.

We call it PayChecking. You'll call it a great idea. Great - because it makes you money in a better way.

For nearly seven decades we've been on our toes to bring you better service at lower charges. We've done it again! Our PayChecking account gives you a nice daily return on money you might otherwise just leave lying around a checking account.

Here's how it works.

When you open a PayChecking account, your checking money becomes earning money along with being spending money. When you want to write a check, great. Your PayChecking account acts just like a normal checking account. It's the same system, it's the same checks. But when you're not spending your checking money - it hums along earning you 5¼% interest. All the time. Day after Day.

You can own a solid sterling Mt. St. Helens medallion.

Minted especially for Western Heritage Savings by the world famous Franklin Mint, this solid sterling silver commemorative piece depicts Mt. St. Helens on the day before it's eruption on one side, and the famous eruption on May 18, 1980, on the other.

As a limited edition creation, numbered and registered, the Mt. St. Helens Medallion will be a family heritage item for generations. Just as our new PayChecking account will be an economic treasure for your family, the Mt. St. Helens Medallion will be a collectors treasure for years to come.

Available with chain, or key chain, all you need to do is pre-register at your local Western Heritage Savings office. This will allow you, along with a small \$4.95 Charter Membership fee, to get your check book cover, first order of checks, and medallion. The minimum deposit is only \$25.00. PayChecking accounts are activated December 31, 1980. There are only 1,000 medallions available. We urge you to make this moment in history your moment. Forever.

Here's how to get it.

Just stop in. You can open your account with as little as you'd like and start getting your interest return right away. Our PayChecking counselors are eager to help with any questions and will make you feel right at home.

One or two different ways to go.

Plan 1. IMMEDIATE CHECK RECEIPT. This plan allows you to have a copy of each check with you at all times. So, when you write your check, your receipt is right there. No fuss or problem and an immediate reference source for your family financial activities.

Plan 2. CHECK RETURN. In this system, we'll mail you cancelled checks along with your statement at the end of each month. The cost of this service is slightly higher due to handling and postage.
