Griebs elected to Angus Assoc.

Ken Grieb, Julie Grieb and Geri Grieb, all of Lexington, have been elected to membership in the American Angus Association, reports Dr. C.K. Allen, executive vice-president of the national organization with headquarters in St. Joseph, Missouri.

The American Angus Association, with some 38,000

active life and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 10 million registered Angus.

The association records ancestral information and keeps records of production on individual animals for its members. These permanent

records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by the U.S. farmers and ranchers who raise high quality beef for U.S. consumption.

Agriculture Dept. proposes change in cattle vaccination

On Nov. 15, the State Department of Agriculture proposes to amend rules concerning the following:

To require female beef cattle over three months of age to be vaccinated, to provide for brucellosis blood sampling of unvaccinated female cattle over six months of age and vaccinated female cattle over 20 months of age that enter a custom slaughtering establishment, and to provide for brucellosis vaccination of all female beef cattle intended to be sold as herd replacements.

Among the issues to be considered by the State Department of agriculture are

whether the proposals in fact improve brucellosis control within this state and do not cause an undue economic hardship upon the cattle industry.

Interested parties may submit data or views concerning the proposed amendments in writing to Dr. Glenn B. Rea, State Veterinarian, Agriculture Building, 635 Capitol Street NE, Salem, Oregon 97310. In order to be considered, written comments must be received by not later than Nov. 15.

If an interested person wishes to express his data, views and arguments orally or in writing at a public hearing,

he must make written request for a public hearing and submit this request to Dr. Glenn B. Rea.

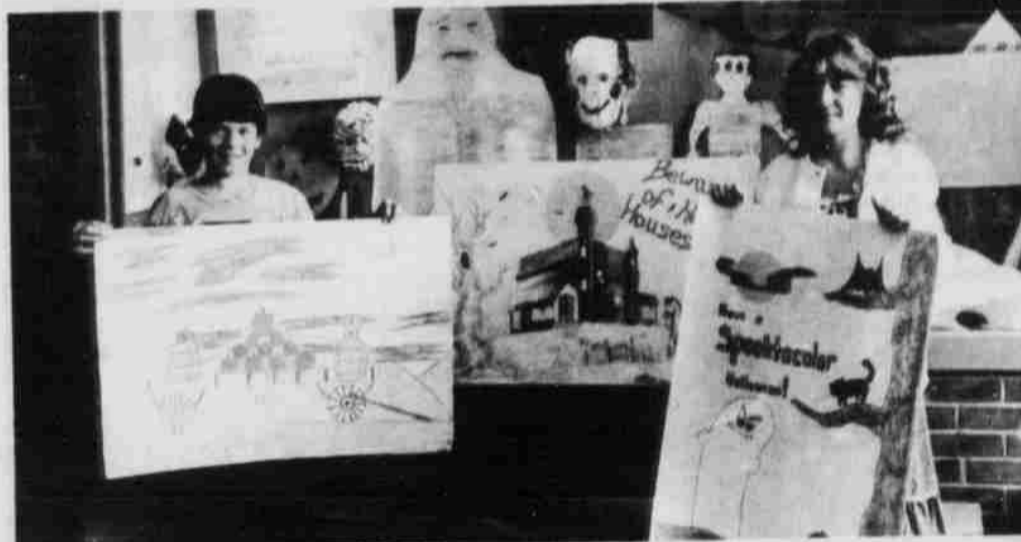

A public hearing will be held by the State Department of Agriculture on the proposed amendments of this rule if request for public hearing is received within 15 days after publication of this notice in the bulletin of the Secretary of State from ten or more persons, or an association having not less than ten members. If sufficient requests are received to hold a public hearing, notice of the date and time of the hearing will then be issued.

Poster contest winners announced

Winners of the Heppner Chamber of Commerce Halloween poster contest pose with their winning drawings. Third prize of \$10 went to Steve Currin, left, son of Judy and Ron Currin of Heppner; second prize of \$15 went to

Stephanie Payne, daughter of Les and Phyllis Payne, Heppner; first prize of \$20 was won by Joe Jemmett, (not pictured) son of Blaine and Nita Jemmett, Lexington. All are eighth graders at Heppner Junior High.

Navyman completes training

Navyman Timothy Dahlke, machinist mate-fireman recruit, has completed boot camp and training school and will report for duty Nov. 6. He will be aboard the USS Thomaston, home ported in San Diego.

Dahlke, who has been home on a 15-day leave in Heppner, attended Navy training school at Great Lakes, Illinois. He is the son of Judy Paige, Heppner, and was a May, 1980 graduate of Heppner High. He enlisted in the Navy in Feb. 1980 on a delayed entry program.
