

Butter Creek livestock club elects officers

On Nov. 17, the Butter Creek Livestock Club met.

Officers elected are: president, Jeff Bailey; vice president, Steve Miller; secretary, Paula Heatherly; treasurer, Nancy Bailey; and reporter, Beth Heatherly.

Last year's president, Jeff Bailey, opened the meeting at 8. The meeting lasted from 8 p.m. to 10 p.m.

Members talked about choosing piglets from the litter and diseases which pigs can get. Beth Heatherly gave a report about different pigs. Paula Heatherly gave a report on swine health. Nancy Bailey gave a report on breeds of cattle.

Then Jeff Bailey closed the meeting. The next meeting will be in January.

State students outscore their contemporaries

Oregon high school juniors and seniors last year outscored their national contemporaries on all four tests administered by the American College Testing Program. State School Supt. Verne A. Duncan announced recently.

Nearly 1,300 Oregon college-bound students were tested for their general educational development and ability to complete college-level work in English, math, social studies and science.

The Oregon average for all tests was 19.3, while the national average was 18.5. The Oregon average was the same as the previous year, but the national average dropped.

Oregon scores on individual tests with national scores listed in parentheses: English 18.6 (17.9), math 17.5 (17.4), social studies 18.4 (18.3), and science 22.1 (21.1).

Oregon boys did better than girls on all but the English test.

Scores for Oregon boys and girls with boys listed first: English 18.2 and 18.9, math 19.6 and 15.9, social studies 19.6 and 17.4, science 23.9 and 20.7, and overall average 20.4 and 18.4.
