

## Lexington news

• Delpha Jones • 989-8189

Callers at the C.C. Jones home on Tuesday to discuss the publishing of a book on the lone area and its residents prior to 1932 were D. Ordell Calkins, associate dean of California State University, Sacramento, and his wife. Mr. Calkins has been doing much research on the Calkins family who lived for some time in the lone area. The book written by him is now ready for publication, and has many interesting stories of the happenings in those years prior to 1932 when they moved from lone. The book contains articles and stories of previous residents, and where many of their families now live and work.

Also present for the afternoon was Norman Rea of lone.

Visitors at the home of Mr. and Mrs. Kenneth Howard have been her sister, Mrs. Darrell Dick, and Davoona of Portland and Tina Galbreath of Joseph. Mrs. Dick also visited her father, Maurice Groves of Heppner, and Erda Pieper of Lexington, enjoying dinner on Sunday at the Pieper home. Also present was Stormy Howard who accompanied her aunt back to Portland for a few days' visit. Scott Davis returned home with Tina Galbreath for a two weeks' visit at Joseph.

Ruby Colley is spending some time in Colfax visiting her son, Lee. While there Lee was taken quite ill and is a patient in the Veteran's hospital in Spokane. Mrs. Colley is remaining in Colfax to be near her son.

Enid Stamback of Haines, who has been visiting at the C.C. Jones home, returned to her home on Thursday.

Delpha Nelson, who has been a patient in the Pioneer Memorial Nursing home, is a patient in St. Anthony's Hospital where she underwent surgery. Mrs. Nelson is a former Lexington resident.

Teresa and Marilyn King of Eugene were recent callers at the Erda Pieper home. Other callers at the Pieper home on Sunday were her grandson, Larry Holliday, and friend, Glen Baker, and two friends who flew in from Portland. They spent a most enjoyable day and had dinner with his grandmother.

Mike Kane, who has been visiting his son, Patrick, and other relatives and friends, has returned to his employment in Seattle.

The Telechea family left June 28 on Amtrak enroute to Spain. They spent the night in Seattle and left the next morning for New York. They arrived in Madrid, Spain at 8 a.m. on June 30. They had an all day lay over in Madrid before flying on to San Sebastian where John's brother and sister (from France) were waiting to take them to his other sister's place in Lesaca, Spain.

During their stay they visited lots of relatives and friends. Kathy was amazed at how beautiful and green the Basque country is. During their stay they saw many interesting sights. Among them was the beach at San Sebastian, where they toured the aquarium and bought seashell souvenirs. They went to the famous running of the bulls in Pamplona, and while there they also went to the bullfights. They went to France to the beach and rode on an electric train which goes straight up a mountain to Larun where there is a restaurant, bar and stores. It is located just across the border into Spain. Here they enjoyed a fantastic view of Spain and France.

They arrived home the 24th of July with many a souvenir and postcard. They took lots of pictures and had a fantastic time and hope to go again in a few years.

Gladys VanWinkle was a caller in Mt. Vernon on Monday where she took her granddaughters, children of

Mr. and Mrs. Bob VanWinkle, to meet their parents from Paulina to return home with them after a visit in Lexington

with grandmother, Gladys. Mr. and Mrs. Charles Buchanan were Seattle callers over the weekend.

## EOSC family outdoor workshop set Sept. 4-7

A weekend outdoor workshop gauged to interest family members of all ages, has been scheduled for September 4 through 7 at the Eastern Oregon State College Willowa Mountain Field Station east of Medical Springs.

The workshop provides experiences that will allow families as a whole to learn about the natural world in which we live," said Field Station Director Dr. Burr Betts. "Activities are designed to teach a variety of ecological topics such as life cycles, animal homes, the ways animals get food and the

ways plants and animals protect themselves from being eaten," he said, stressing that topics would be presented at levels appropriate for all ages. The non-credit course will be offered for \$20 per adult and \$16 per child under age 12. It includes 8 meals and 3

nights lodging in the Field Station bunk houses or tents. Camping and trailer spaces are available as an option to the bunk houses. Betts said the course would be limited to the first 24 persons who pre-register. Pre-registration and a \$25 deposit

per family is required before August 25. For more information or to pre-register, contact the Eastern Oregon State College Office of Continuing Education, 963-2171, ext. 378, or at the in-Oregon toll-free number, 1-800-452-8639, ext. 378.
