NOTICE TO WATER USERS

Insulate your water meters for the winter months. You may use gunny sacks, insulation, old rags in a plastic bag, etc. Please do not use sawdust or bark. If you have had frozen pipes in the past it is advisable to let a faucet run at a fast drip during extremely cold weather. Any damages resulting from frozen water meters that have not been insulated will be repaired at the owners' expense. You will be billed a minimum until the meters are read again the last of March. Thank you.
