

Local 4-Hers prepare for Labo exchange 4-H teens wanted

Rachel Peck, Lexington and Ken Curtis, Heppner, along with their families, recently attended an orientation at the 4-H Center, Salem, to prepare them for the Labo exchange this summer. Rachel and Ken are among the 21 Oregon 4-Hers who will depart for Japan on July 22 for a full month of adventure and learning.

The two Morrow 4-H members will visit in the home of a Japanese family to learn all about the way of life of families across the ocean. The Labo-4-H exchange is an on-going event, with 4-Hers traveling to Japan yearly, as well as Japanese students coming to the United States.

Families are asked to attend the orientation program prior to the exchange, so full understanding of the program can be offered. Prior to departure, the 4-H members and Labo students exchange letters, pictures, and really become acquainted. For Ken, the reception will be exciting, for he will be staying in the home of the Labo student he hosted last year. Rachel will have new acquaintances to make, as this is her family's first experience with the Labo program.

Any 4-H members 12 through 17 years of age may apply to participate in the program. All expenses are paid individually by the member, but the major part of

the expense is for travel. Since the 4-Her stays with a host family, only miscellaneous personal spending money is required while they are in Japan.

The Oregon 4-H Japan Labo program has brought many new friendships to Morrow 4-H members. Over the years of participation in the program, many Labo students have returned to the county to visit their host families here. Most others continue an active correspondence. Any 4-H member 12 through 17 looking for a new and different summer experience should consider the benefits and excitement of 4-H International exchanges.

OSU slates 'mini-college'

By BIRDINE TULLIS
Morrow Co. Extension Service

4-H members who are sophomores, juniors, or seniors in high school now may apply to help conduct the 1982 Oregon State Fair, August 27-September 6, 1982.

Teen staff will work with a college-age student staff member in conducting a wide variety of fair activities including the 4-H Horse Show, setting up exhibits in the 4-H building, assisting with judging and displaying exhibits, help with contests, as well as poultry, rabbit, and dog shows. They may also ask to help with beef, dairy, goat, sheep or swine events.

Application is necessary to be considered for the activi-

ties. Those selected will receive room and board while on duty at the state event, and will be housed in the State Fair Dormitory.

A special opportunity is available for those who have skills or interests in speaking. Some youth will be selected to serve as announcers with the various animal divisions and events. Those applying for the communications opportunity will receive a special training at 4-H Summer Week focusing on speaking skills.

Application forms and complete details are available by calling 676-9642, extension office. Applicants may apply as Teen Staff, Communication Staff, or Junior superintendents. Deadline in July 1, 1982.

Extensions available

Oregonian who cannot meet the last minute rush to prepare their federal income tax returns may apply for an automatic extension, says IRS District Director in Oregon, T. Blair Evans. Form 4868, "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return," filed on or before April 15 extends the due date until June 15.

Evans stressed that the application is not an extension of time to pay. Individuals who expect to owe additional tax must compute the expected balance due and send it with the extension request. Failure to do so will result in interest and penalty charges. Taxpayers who have their forms prepared but do not have the money to pay should file the form and pay as much as they can. A bill for the remaining balance due will be sent by IRS after the return has been processed.

Failure to file the return or the extension will result in a five percent penalty per month up to 25 percent. Interest is charged at 20 percent a year on any unpaid tax from April 15 until the date paid. Taxpayers who expect refunds are not required to make payment with the extension form. The application is still required, however, as a matter of law, stated an IRS spokesperson.

Extension forms may be obtained at all IRS offices or by calling the IRS forms line listed in the local phone directory. Evans advised Oregonians to call early, allowing seven to ten days for delivery.

along with the rest of the staff at the alley were very pleased with the turnout, continued the spokesperson.

There were winning names drawn at the end of the evening for door prizes. Rod Cole won two hamburgers and two milkshakes and Tiffany Lawson won two banana splits.

A program, open to the public, will feature I.F.Y.E. student Marie Rietmann of Condon and will begin at 7 p.m. Rietmann will discuss her trip to Thailand, the spokesperson said.

The Morrow County Fair and Rodeo Board is looking for an organization or organizations to operate three concession stands during the rodeo, said a rodeo spokesperson.

Any organization interested is asked to contact Bob Montgomery at 676-9873.

With thoughts in mind of 4-H summer camping, six Morrow girls traveled to Brooks Camp, Washington, to look for new ideas and leadership skills to bring home for the local program. Jennifer Wade, Angie and Ann Evans, Kimberly, Kennifer and Carolyn Hughes represented Morrow County at the training session. They joined older 4-H members from Wheeler, Wasco, Hood River, Sherman, Gilliam counties, Oregon, and Klickitat county, Washington. Jim Douglas, Hood River county agent, Joanne Kock,

and Doug and Sonia Smith.

Although the group does not endorse political candidates, two attended the function: Dorothy Krebs, incumbent county commissioner and Ann Spicer, Morrow County District Attorney.

The Spring Fling was organized by Meg Murray of Ione and Gail Hughes of Heppner.

Ione schools have announced the names of students appearing on their honor rolls for the third nine week period.

A Honor Roll (3.5-4.0): Seniors: Margaret Doherty, Michelle LaRue, Liz McElligott, Diann Morter, and Anita Palmer.

Juniors: Craig Gutierrez and Denny Starr (all A's).

Sophomores: Craig Hams.

Eighth grade: Eric Pointner.

B Honor Roll (3.0-3.4): Seniors: Jeff Hams.

Juniors: Darla Anglin, Sharon Crowell, and Tim Patton.

Sophomores: Darrell Colvard, Mike Douglas, Sylvia Ladd, Howard Leavitt, Darrin Padberg and Jammie Scalf.

Freshmen: Jeff Ball, Mark Meyers, Jeanette Taylor and Paul Zinter.

Eighth grade: Susan Martin.

Seventh grade: Ashley Conklin, Kim McCabe and Patty McElligott.

are in bloom at the Palmer yard. Soon to follow will be many colors of Iris, roses, pansies, lupine azaleas, peonies, a magnolia tree, honeysuckle vines and a camellia bush. A smoke tree, stately tamaracks and oak trees, snowball bushes and a family orchard with many varieties of fruit trees also make an attractive addition to the yard.

Small Engine Repair Workshop scheduled

A Small Engine Repair Workshop has been scheduled for Saturday, April 24, at the Heppner High School shop, announced Nancy Brownfield, Blue Mountain Community College area coordinator for South Morrow County. The class will run from 9 a.m. to 3 p.m.

Basic troubleshooting, repair and maintenance of single cylinder, 4-cycle gas engines will be covered in the one-day class. Gas engines

such as those on lawnmowers, rototillers and small tractors will receive special emphasis, she said.

Instructor for the course will be Roger Records, vocational instructor at Heppner High School and cost of the workshop is \$10.

Class participants are asked to pre-register or contact either Mrs. Brownfield or Records. Mrs. Brownfield may be reached at 676-5039.

CowBelles hold Spring Fling

By CATHY PECK

The Morrow County CowBelles met for their annual Spring Fling Monday night, April 12. About 50 CowBelles and their guests attended the dinner and festivities. After a beef stew dinner, President Carleen West opened a short business meeting. Members decided to hold a barbecue on April 21 at the Tom Currin home for eighth grade students and their exchange guests.

The barbecue will be the final event of a Morrow County Livestock Tour being

conducted for the students. The tour will begin with a film, "The Working Cowboy," at Heppner Grade School. From there, students will go by bus to the Dwight Bailey ranch for a look at hay equipment, 4-H steers, hogs and a horseshoeing demonstration.

The students will then travel by bus to the Ron Currin ranch where they will view sheep and a roping demonstration. They will continue to the Tom Currin ranch where they will view another cattle operation and the barbecue. The livestock tour is being planned by the CowBelles.

Palmer yard chosen Ione Yard of Month

The Ione Garden Club has chosen the yard of Geneva Palmer, Ione, as their Yard of the Month winner for April. Mrs. Palmer and her late husband Marion, built their home on Willow Creek Road 18 years ago. The yard is decorated with spruces, many varieties of large shrubs, a well trimmed lawn and yard ornaments.

At present, daffodils, tulips, forsythia and Oregon grape

are in bloom at the Palmer yard. Soon to follow will be many colors of Iris, roses, pansies, lupine azaleas, peonies, a magnolia tree, honeysuckle vines and a camellia bush. A smoke tree, stately tamaracks and oak trees, snowball bushes and a family orchard with many varieties of fruit trees also make an attractive addition to the yard.

Ione students schedule science fair

Ione Elementary School students in kindergarten through eighth grades will hold a science fair Thursday, April 15 at the elementary school gym.

The Ione Cardinal Club will meet at 8 p.m. at the school cafeteria and the science fair will begin immediately after the meeting, said a spokesperson.

Bowling, dance party sees large attendance

A bowling and dance party was held at the Heppner Bowling Alley on April 2nd, from 9:30 p.m. to 1:00 a.m. for senior high students. Approximately 40 students attended the party. Tickets were available at the alley or ahead of time for bowling and lots of good food, said a Juvenile Services spokesperson.

Doug and Sonia Smith.

Ione senior citizens slate potluck, program

Ione senior citizens will hold a potluck dinner and program on Friday, April 16, 6 p.m. at the Ione United Church of Christ. Those seniors attending are asked to provide their own table service, said a spokesperson.

Rodeo seeks concessions operators

The Morrow County Fair and Rodeo Board is looking for an organization or organizations to operate three concession stands during the rodeo, said a rodeo spokesperson.

Training underway for 4-H camp counselors

What's Your Opinion?

Question: Are you waiting until April 15 to file your income taxes?
"No," said Alfred Parrel, Heppner. "It was around the last of January. I had some money coming back."

Guests surprised at barn dance wedding

A barn dance was held at the 4-M Ranch east of Lexington on Saturday April 3. Family, friends and neighbors attending were surprised when Tommy Martin and Shirley Beamer were married during the festivities. The ceremony was performed by Judge Don McElligott.

Ron McDonald and a band provided music for the dance and the Martin shop was decorated with bales of hay which helped create an authentic atmosphere.

Garden Club meets

By JUSTINE WEATHERFORD

At its Monday evening, April 12, meeting, the Heppner Garden Club chose officers for the coming year. Theta Lowe will become president; Irene Swanson will continue as vice-president; Adelle LaTrace will continue as secretary and Verna Brindle will become treasurer.

The current president, Julia Hill, in whose home the group met, urged members to attend the Blue Mountain District Meeting on April 23 at Prairie City High School and the flower show school on April 26-27-29 at The Dalles.

The Yard Of The Month Committee agreed on the selection of a Heppner area garden which will be honored between April 15 and May 15.

Bob Costa, county Extension agent, gave a very complete colored-slide program concerning garden pests. He also talked on some beneficial insects. Costa encouraged questions and informal discussion. He suggested that because he is quite
