**The Tax Base Issue Is Worth Your Vote**

**Why Vote Yes**

- The law requires your county and school district to seek voter approval of a realistic tax base.
- The current tax bases are not adequate to provide county services or keep schools open without additional voter approved money.
- A tax base sets a tax limit which cannot be exceeded without voter approval.
- The average increase in taxes approved by voters over the past ten years has been greater than the limit that would have been set by a tax base.

**We believe realistic tax bases for Morrow County and Morrow County Schools make good business sense. We urge a YES vote on both tax base issues on May 18, 1982.**
