

Recreation Report

The Umatilla National Forest office has released the following recreation report:

Dale Ranger District
Snow elevation is 6,000 feet. Access to Olive Lake is blocked by snow, possibly for another ten days. No trails on the district have yet been opened. Road 10 is blocked by a mud slide 15 miles from Dale. It is scheduled for opening in about a month. Road 1010 is blocked by snow 15 miles from Dale. Lower elevation roads are free of snow but are not maintained and have not been logged out. Road 52 is open between Ukiah and Granite, it has not been maintained. Campgrounds presently open on the district are North Fork and Tollbridge campgrounds, with no drinking water and on a self-service basis until July 1. All the streams are very high. The best fishing success has been in the very small streams in the lower elevations. Some mushrooms are being found, however, they are scarce due to lack of rain.

Heppner Ranger District
None of the trails of the district have opened yet. Vehicle travel for all recreation activities should be confined to surfaced (gravel) roads.

Two campgrounds of the district are open - Bull Prairie Lake Campground with 20 campsites and no water, and Fairview Campground with five campsites. Fishing is available at Bull Prairie Lake and Penland Lake. There has been a heavy winter kill at

Penland Lake. Mushrooms are still being found at higher elevations.

Pomeroy Ranger District
Two campgrounds of the district are open - Panjab and Tucannon. All trails are still closed. Road 40 (Pomeroy Troy) is driveable to Rose Spring. Road 42 (Iron Springs) is driveable to Charley Creek.

and Road 47 (Tucannon) is driveable to Panjab. Fishing has been reported fair on the Tucannon Lakes. Tucannon River is not yet open. Streams are still muddy.

Ukiah Ranger District
Both the Ukiah-Granite Road and Western Route Road are now open. All campgrounds of the district are

open, however, there is no drinking water. More mushrooms are being found at lower elevations.

Walla Walla Ranger District
The poor weather conditions on the forest have caused the roads to remain in poor condition. Travelers may encounter potholes and soft spots along Highway 204 (Tollgate). There

is still three feet of snow in this area. Two campgrounds of the district are open - Umatilla Campground on the Umatilla River has been cleaned up and the water has been turned on, and South Fork Campground in this area is also open. Wildflowers and mushrooms are only being found in lower elevations.

What's Your Opinion?

Question: "How do you feel about Pope John Paul II's recent visit to England?"
Pope Paul's visit last week marked the first visit by a pope since King Henry VIII barred any pope from England since the 1600's.
"I think it's a wonderful idea," said Margaret Hammons of Heppner, "people are becoming more unified and accepting of other religions."

Humane Soc. offers memberships

Stokes Landing Humane Society, serving Morrow and Umatilla counties, is offering memberships to the society for \$10, and \$5 for senior citizens, said a news release from the society. Contributions are tax deductible and all proceeds are used for animal welfare, the news release stated.
Members receive free filing-referral service for lost, wanted and adoptable animals for one year and are eligible to receive one \$10 spaying-neutering rebate, per year, according to the news release. Five sustaining members and 10 hour volunteers receive free filing-referral service but are not eligible for the rebate. Non-members pay a \$3 filing-referral fee per animal or litter, but found animals are filed free, the news release continued.
