19th Century. She has chosen Narcissa Prentiss Whitman, Elizabeth Smith Geer, Margaret Jewett Bailey and Bethenia Owens-Adair for her portrayals. Fifteen 4-H members who attended the 1982 OSU Summer Week had a fun-filled and energy-consuming week. Intermediates attending from Heppner were Andrea Ball, Shelly Biddle, Dyann Brosnan, Kathleen Clark, Kimberly Hughes, Paula Plocharsky, Shelley Stroeber, Missy Turner, Kevin Hughes, Chris McLaughlin, Marion McMillan, and Steve Miller. Hank Vazza and Jeff Zuver from Boardman also attended. Jennifer Wade of Boardman, was the only senior member attending.

Also attending from Morrow County were Cara Costa, intermediate age-group coordinator of Heppner; and two

counselors: Julie Grieb of Lexington, and Jan Peterson of Ione. John Nordheim, Morrow County Extension agent, was the assistant coordinator for the Horse Members Workshop. Intermediates, seniors and horse members each had individual programs that meshed with the other two programs. The Horse Member Workshop is offered on an alternate year basis and the two age groups of the summer week program are offered each year.

Delegates stayed in dormitories and attended classes much like their college counterparts. They ate in the cafeteria and had access to all the buildings and educational areas on the OSU Campus.

Members paid for their bus

trip down and back and part of their tuition. Local businesses, individuals, and the Morrow County Leaders Council contributed the balance of the tuition.

Highlights of the program included meeting other 4-H'ers from different counties, getting to know the OSU campus, a people-to-people class, an aerobics class and International Foods class, and a handicapped class during which members were led around blindfolded to experience blindness and to learn to operate a wheelchair, to name only a few.

All attending were thankful for the opportunity and are looking forward to attending again in 1983.

Bob Krein of the Oregon Fish and Wildlife Department announced that 8,000 Ponderosa Pine and Douglas fir seedlings were given away recently at the Extension office in Heppner.

Morrow County Extension

Agent Bob Costa said 2,000 of the trees were given away Tuesday, June 8 and after an article published about the free seedlings in the June 10 edition of the "Gazette-Times," the remaining 6,000 were given away.

## Gophers cause reception problems in Lexington

Steve Conlee, Fossil, of Lexington television maintenance, was present at the last meeting of the Lexington City Council to give a report on cable problems which are causing bad reception.

According to Linda Jones, Lexington city recorder, Con-

lee said gophers have been causing the underground lines to short out. She said he moved the line above the ground for the distance of the damage. Apparently the cable was suppose to be rodent proof and she said Conlee would check into the cable's warranty.

## Mortar to participate in new 4-H activity

By BIRDINE TULLIS  
Morrow Co. Extension Service

Diann Morter of Ione will be part of a new OSU Extension Service 4-H activity to be held June 25 through 27 at the 4-H Center near Salem.

The weekend will see the selection of the first Oregon 4-H Ambassadors as well as the naming of delegates to 4-H Congress in Chicago next fall.

More than 50 4-H'ers will participate in a weekend filled with interviews and personal development workshops conducted by OSU Extension specialists and agents and volunteers and representatives of companies which sponsor the trips to the congress.

All of the participants have been nominated for the Chicago trips on the basis of written 4-H records and recommendations. The Federal Land Banks of Oregon are underwriting the costs of the weekend at the Oregon 4-H Center.

The new 4-H ambassadors will be available to represent more than 41,000 Oregon 4-H members at state, regional and local events, according to Duane Johnson, acting assistant director for 4-H, OSU. While one goal is to expand understanding and awareness of 4-H, those chosen are expected to gain experience in public speaking, communication skills and citizenship as well, he adds.

The weekend marks the first time that interviews will be used to select winners of the trips to Chicago. In the past, selection has been made on the basis of written records.

Those chosen to attend National 4-H Congress have excelled in various 4-H projects. The trips, sponsored by businesses and commodity groups, are part of the awards program administered by the National 4-H Council.

The weekend will end with an awards dinner on Sunday afternoon which will include representatives of donors who support the 4-H program.

## Reading certificates to be awarded students

Oregon students who read ten or more books this summer will earn a reading certificate signed by Gov. Vic Atiyeh and State School Supt. Verne A. Duncan, announced a spokesperson from the Oregon Department of Education.

This is the sixth year of the reading program, introduced by Duncan. Approximately 25,000 students have earned certificates, the spokesperson said.

"We are convinced that this is an excellent program that encourages our young people to build reading skills during the summer months," Duncan said.

A student must finish the books by Sept. 15, and send a letter, which includes his or her name, age, return address parent's signature, and book titles to Verne Duncan, State Superintendent of Schools, Salem, Oregon 97310.

## Kitchen pest tips offered

Crumbs and cobwebs may not be the only surprise a homemaker finds if she delays too long in cleaning the kitchen cupboards. More than 100 species of pantry pests love to dine on flour, cereal, dog-biscuits and other stored foods.

John Jepsen, of Dobyns Pest Control, Ione, points out that now is an excellent time to check for infestations and to launch a counterattack, if one has occurred.

He says good housekeeping is the first line of defense and all food storage areas should be cleaned thoroughly and frequently to prevent an invasion of uninvited pests.

Jepsen says many of the pests, from ants and roaches to mealy bugs and beetles hitch a ride with foodstuffs brought home from the grocery store, while others, particularly ants, sneak in through the smallest of cracks.

## 3 HHS athletes place at Burns H.S. rodeo

Three Heppner High School athletes placed in seven events at a Burns High School Rodeo, held June 12 and 13.

Tara Mahoney placed third in cow cutting, third in breakaway roping, fourth in pole bending, seventh in barrel racing and seventh in team roping with Spike McCay. Earl Hammond won first place in saddle bronc and Pat Schwarz placed sixth in calf roping.

## Corrections

Due to a submission error, a story in last week's Gazette-Times entitled "Ione honor students announced" was in error.

Craig Gutierrez was listed on the B honor roll for the second semester. Gutierrez made the A honor roll with a 3.6 grade point average.

A story in last week's Gazette-Times entitled "Many Ione students honored at awards program" inadvertently left out two awards which were presented to Mike Rietmann. Rietmann received a junior high basketball certificate and an award for being the outstanding junior high musician.

#### QUESTION

SHALL MORROW COUNTY LEVY \$2,618,806 OUTSIDE THE TAX BASE FOR ALL COUNTY OPERATIONS DURING FISCAL YEAR 1982-83?

#### PURPOSE

The purpose of this levy is to provide funds to balance the Morrow County operating budget, and the Morrow County Hospital and Clinic budgets for 1982-83. The Morrow County tax base for 1982-83 is \$413,473. This levy, with anticipated receipts from all sources, will not finance expenditures for General Fund, Roads, General School Funds, Cities portion of Road Funds and operation of the Hospital and North Morrow County Clinic. Increases are due to inflation, existing labor contracts tied to cost of living, and certain changes in hospital operations, plus 9% for uncollected taxes. The total levy will be \$3,082,279. If this measure is approved, \$2,583,056 of the taxes levied in 1982-83 are eligible for partial state funding. However, \$449,223 of the taxes levied will be totally financed by local taxpayers without any partial state payment.
