Golf remains popular despite weather extremes

Despite extremes in the weather, golf remains a popular recreational activity for area residents, reported a Willow Creek Country Club spokesperson. On Saturday, July 31, 21 men and women ignored the heat at a W.C.C.C. visitation for golfers from Kinzua Hills. On Sunday, August 1, 40 people participated in a family barbecue play event. The wind that evening

could not be ignored, but several teams played as though it were calm, the spokesperson said.

Winners for W.C.C.C. men Saturday were Ed Gunderson - low gross (66); Elmer Palmer - low net (67-17-50); Dick Bigelow - long drive; and Ed Gunderson - K.P. Rick Johnston won second low gross with a 68 and Vern Willis, second low net with a 76-23-53.

The women played nine holes and local winners were Bev Gunderson and Linda Shaw - low gross (41); Wanda Willis - low net (39-19-20); and Bev Gunderson - long drive. Bev Gunderson and Wanda Willis served lunch. Following the meal, a couples Chapman was won by Elmer Palmer and Linda Shaw.

The winning team at Sunday's barbecue posted an incredible score of 27. The team consisted of John Shaw, Mary Beamer, Bev Gunderson, Herman Winter and Jon Mitchell. Mitchell also won K.P. on No. four with a drive that landed only 18 inches from the hole.

The second place team was made up of C.C. Carmichael, Muriel Palmer, Floyd Jones, Juanita Carmichael and Marcel Jones.

The team of Ed and Mary Lee Hiemstra, Ray French and Alma Green tied with Elmer Palmer, Lorena Jones, Howard Bryant and Joyce Winter for third place.

Long drive winners were Fuzzy Swiensenberger and Linda Shaw.

In charge of the event were the Beamers, Jones's, Bryants, and Palmers, the spokesperson concluded.

What's Your Opinion?

Question: "How do you feel about the proposed construction of a baseball field which would be developed by the Corps of Engineers at the foot of the Willow Creek Dam at no cost to the city, except upkeep?"

"It'll be neat and it's sure a good deal," said Jeff Maben, Heppner. "It'll give people another place to play baseball other than the fairgrounds."

Road Report

The Morrow County Public Works Department has released the following Work Report for the week ending July 31:

Pot holes were patched with cold mix on the following roads: Pine City to Lena, Miller Cutsforth, Hardman Ridge, Myers and Blackhorse Road.

Base rock and gravel were spread on Meadowbrook and the Joe Kenny Road.

Cold mix and hot mix were used for patching pot holes on Patterson Ferry Road. The road sides of Patterson Junction Road were cleaned.

The road crew is now being dispatched from our new shop in Lexington. A substantial amount of travel time should be saved since this site is more centrally located with the county's road system.

The first English Prince of Wales later became King Edward II. He was born in Caernarvon, a town on the northwestern coast of Wales.
