Sign up for '83 wheat program to begin October 1

Secretary of Agriculture John R. Block said last week that because of legislation proposed by Congress in the Omnibus Reconciliation Act, he has rescheduled the sign-up period for the 1983 wheat program to begin Oct. 1 instead of Sept. 7, announced the Morrow Co. ASCS office. It will continue through March 31.

Spring and winter wheat producers must comply with the program provisions to be eligible for the wheat reserve program, loans and purchases and payments for the 1983 wheat crop. The 1983 wheat loan rate will be \$3.65 per bushel. The target price will be \$4.30 per bushel.

Instead of the 20 percent acreage reduction program announced by the USDA on

July 14, the reconciliation legislation provides for a combination 15 percent acreage reduction and five percent paid land diversion. The land diversion payment is based on \$2.70 per bushel times the farm yield times the acres diverted. Producers must limit the wheat acreage planted for harvest to no more than 80 percent of the farm's wheat base. They must also devote to conservation uses and acreage equal to both the acreage reduction and land diversion requirements.

Block noted that any changes in the program are contingent on President Reagan signing the reconciliation legislation.

Producers, at the time they sign up for the program, may request an advance of 50 percent of the diversion payment and of any projected deficiency payment. The projected deficiency payment rate will be announced before sign-up begins.

A producer accepting an advance payment, but who later does not comply with program provisions, must refund the amount of the advance payment with interest. Interest charged will be the rate in effect for commodity loans on the date of the advance payment, plus five percentage points.

The Omnibus Reconciliation Act requires the 1983 wheat acreage base to remain the same as the base established for the 1982 wheat crop.

Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years. Land use for conservation use acreage in 1982 will be regarded as having been cropped in meeting this requirement.

There are two exceptions. The first is for a summer fallow farm for which the cropping requirement is for only one of the previous two years. The other exception is for crop land which met 1982 eligibility requirements for conservation use and was devoted to a permanent conservation practice. If the permanent conservation practice is maintained, such acreage will

be eligible as conservation use acreage through the 1985 crop year. These conservation practices may be eligible for cost-share payment under the Agricultural Conservation Program.

Neither cross compliance nor offsetting compliance will apply to the 1983 wheat program.

Block also said he will an-

nounce the 1983 feed grains program in September with sign-up starting Oct. 1. Sign-up for 1983 upland cotton and rice programs will be announced later.

The 1983 wheat and feed grains crops will again be eligible for the farmer-owned grain reserve program. However, new rotation provisions will be effective with grain

reserve agreements on the 1983 crop. The rotation provisions will only be available to replace, within 15 days, reserve grain that is going out of condition.

The replacement grain may be: 1 - grain the producer has on hand, 2 - grain which is purchased by the producer, or 3 - grain which is from the producer's new crop.

Deficiency payments or 1982-crop wheat will be made to eligible producers as soon as practical after Oct. 1, the announcement concluded.

Lions Club to sponsor men's golf tourney

The Heppner Lions Club will sponsor a men's golf tournament on Sunday, Sept. 19 at Willow Creek Country Club. All men are welcome to participate, said John Edmundson, a coordinator of the event. Sign up time begins at 8 a.m. Sept. 19.

Proceeds will be divided between the Oregon Lions Sight Foundation and the Heppner Swimming Pool Solar Heating Project, Edmundson said.

Anyone planning to participate is asked to contact Edmundson, 676-5177.

Wilson's doing the spectacular at W.C.C.C.

Doing the spectacular at Willow Creek Country Club is beginning to be routine for the Wilsons of Lone. On Sunday,

August 29, Bev Wilson had a hole-in-one on number 13. Earlier in the season, her son, Scott, aceed number three.

Mrs. Wilson's ace was her first in five years of golfing. The event was witnessed by her husband, Darrell, and Robin LaRue.

She finished the round with a score of 79 and commented "I just couldn't let Scott get too far ahead of me!"
