'Art about Agriculture' show - slated

Northwest artists are invited to submit paintings, sculpture or fiber art representative of Oregon agriculture for a fine arts competition and exhibition at Oregon State University in 1983.

The first "Art about Agriculture" show will help mark the 75th anniversary of the OSU school of agriculture and will also be a major feature of 1983 Agricultural Conference Days at OSU March 1-3, the university has announced.

The OCRI Foundation, a family foundation based in Morrow County, has given \$8,000 to help launch the first-of-its-kind competition and show, according to Tom Allen, coordinator of the program for the school of agriculture. The show is seen as the beginning of a permanent fine art collection about agriculture at OSU.

About \$5,000 in purchase awards will enable the school of agriculture to acquire top entries for the permanent collection.

Works selected in the juried exhibition will be on display at the OSU Foundation Center from Feb. 27 through June 10. Plans call for the exhibition to tour Oregon and the Pacific Northwest during the following nine months, Allen said.

All work selected for exhibition will be for sale. Jurors for the first "Arts about Agriculture" competition and exhibition will be John Rock, OSU professor of art; Virginia Tubbs, Pendleton artist and agriculturist, and Allen, who is a professional water colorist and art instructor at Linn-Benton Community College as well as a professor of plant pathology at OSU.

Additional details about entry requirements and the show are being distributed to art groups throughout the state or may be obtained by writing to Allen, School of Agriculture, Oregon State University, Corvallis 97331.

YULETIDE GOODIES DELIGHT GUESTS

Holiday entertaining offers every host and hostess the opportunity to bring out the very best.

To make your holiday hosting better than ever, take time to plan a few get-together basics that will guarantee a smooth-running, fun and festive evening for all.

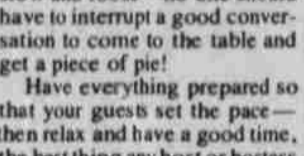

Christmas homes are laden with every sort of treat and "goodie" imaginable. Pull out all of the candy dishes, compotes, cheese boards and nutcrackers so that your guests will be surrounded by generous helpings of Christmas delights.

Place dishes of candy, bowls of nuts, and plates of cookies and crackers near every chair. For an added bit of "entertaining psychology," keep the treats separated; don't put a little bit of everything everywhere. This is a great way to keep people mingling.

As they move from the cheeses to the candied fruit, your party conversation will move and flow without effort! If you're planning a whole evening of entertaining, don't rush things in a well-intentioned attempt to keep the canapes hot and the bread crusts crisp!

From first cocktail to last coffee, keep your hosting pace slow and loose—no one should have to interrupt a good conversation to come to the table and get a piece of pie!

Have everything prepared so that your guests set the pace—then relax and have a good time, the best thing any host or hostess can do!

The world's oldest living things are bristlecone pines in California, estimated to be 4,800 years old.
