HHS Spanish Class plans trip to Spain

Seven Advanced Spanish Class students of Heppner High School, along with instructor Valery Volesky, counselor Michele Portmann, one student's mother and a Seattle, Wash. guest are planning a summer trip to faraway places. Previous Spanish classes at HHS have traveled to Mexico, but this group set their sights on Spain.

The seven students are Wanda Riley, Anne McLaughlin, Carolyn Hughes, Jennifer Hughes, Kimberly Hughes, Kathleen Clark and Lori Fetsch. Volesky said the students may be able to receive college credit for taking the trip.

The group is to leave June 10 from Seattle for London and then go on to Paris. While in Paris they are to tour Notre Dame, the Place de la Concorde, the Arc de Triomphe and the Eiffel Tower.

After seeing Paris, it's off to Versailles, the magnificent palace built by Louis XIV, then to Chartres Cathedral and later the Loire Valley.

Next, the group will drive to the Brittany coast and visit the monastery of Mont-St. Michel, one of the wonders of the world.

At Bayeux, they are to see the tapestry of the Norman Conquest and then they're off to Arromanches to see the D-Day beaches where the allies invaded occupied France in 1944. Then, it's back to Paris and on south to Madrid. From Madrid they are to see the ancient capital of Toledo, the house of the painter El Greco, the Church of Santo Tome, the treasures of the Gothic cathedral and the medieval synagogue and possibly more.

From Madrid the group will travel south again to Cordoba, for sightseeing, and then drive to Seville and Granada.

The 18-day trip winds down at Torremolinos on the Costa del Sol and then the group leaves for home.

When asked what they were looking forward to during the trip, they answered, "riding camels, the beaches, the Eiffel Tower, the D-Day beaches" and, of course, shopping - for Paris perfume, clothes and Spanish leather.

Volesky said most of the students have not been out of the United States, and will be

traveling with 40 to 50 students from across the U.S.

"They're worried about trying different kinds of food," she said.

The trip alone without spending money will cost each traveler about \$1,750. The class has held bake sales, bottle drives and sold items at

the Artifactory last December and raised about \$250 for the trip. Volesky is contributing a \$125 travel credit to the group to help with the expense. The group also is planning to sponsor a spring dance and another bottle drive as fund raising projects.

Lexington school & gym use committee formed

Morrow County School District Superintendent Matt Doherty has announced the formation of a special advisory committee to consider the use of the Lexington School District building and gym.

The committee function will be to provide policies for use of the district building and gym and to assist the community in promoting the best use of these facilities as a community resource, Doherty said.

Committee members are: Marion Robinson, Stuart Dick, Cindy Sumner, Carl Martin, Harley Sager and Matt Doherty.

A major early concern of the committee has been how to make the gym available on a supervised basis for those who wish to use it. Prior to this, an attempt to allow use of the gym on an unsupervised basis resulted in considerable vandalism and undesirable conduct on the part of a few individuals which forced a

temporary closure of the building, Doherty said.

Future use of the gym will be on a scheduled basis. Groups interested in scheduling activities are encouraged to contact Stuart Dick, who is acting as coordinator of the gym's use.

Activities currently scheduled are: Mondays - basketball and recreation for junior high age and older from 7:30 to 9 p.m.; Tuesdays - roller skating from 4 to 5 p.m. and men's basketball from 7 to 9 p.m.; Wednesdays - basketball for all ages from 4 to 5 p.m.; Thursdays - basketball for all ages from 4 to 5 p.m.; and Fridays - basketball for all ages from 4 to 5 p.m. All activities are to be supervised, he said.

The committee has indicated a need for more volunteer supervisors. Interested persons may leave their name at the school district office or contact a member of the committee directly.
