

Many turn out for Ione Open House - Science Fair

Winners of awards in the Ione Elementary School Science Fair from left to right: Front row. Fifth graders Linda Morter - first, Jenny Martin - second and Darcee Padberg - third. Second row. Sixth graders Jill Nelson - first, Jill Conklin - second and Michelle Beck - third. Third row. Seventh graders J.J. Osmin - first, Tina Wilson - second, Rondi Tews - third. Fourth row. Eighth graders Kim McCabe - first, Deena Hams and Sandi Wright - tie for second, and Patty McElligott - third.

Ione Elementary School had a large turnout for their open house - science fair Feb. 24, said a school spokesperson.

The first five grades had class projects on display for the science fair.

Kindergarten students sprouted and grew carrots, pop corn and different types of beans.

The first grade students sprouted and grew radishes,

beans and peas. Each youngster kept a daily log for one month. They also studied the solar system, the moon's phases, and put together a booklet on the universe.

The second grade studied weather and the seasons. They charted the weather and computed the high and the low temperatures for one month. They also created rain.

The third grade examined kinetic and potential energy. They made collages for the

energy study. They studied locations and directions and made maps of where they live. Their final studies were the physiology of the ear, and sound. They experimented with tuning forks and bottles of water.

Students in the fourth grade studied electricity. They made different types of electrical circuits and studied electromagnets.

The fifth through eighth graders had individual projects. These projects were judged by Mrs. Dorothy Krebs, Mr. John Bristow, Mr. Del LaRue and Mr. Darrel Wilson. The winners at each level were: Fifth grade: first, Linda Morter, second Jenny Martin, third Darcee Padberg.

Sixth grade: First Jill Nelson, second Jill Conklin, third Michelle Beck.

Seventh grade: First J.J. Osmin, second Tina Wilson, third Rondi Tews.

Eighth grade: First Kim McCabe, second Deena Hams and Sandi Wright (tie), third Patty McElligott.

Special achievement awards given by teachers for a job well done were Melissa Rowell and Amy Wagenblast, fifth grade; Keith Morter sixth grade; and Cathy Martin, seventh grade.

IHS students, teacher to attend symposium at OSU

Top Oregon high school students in science and humanities fields, including three Ione High School Students, will participate March 10 - 12 in the 14th annual Oregon Junior Science and Humanities Symposium at Oregon State University. This is a three-day winter conference for the state's top high school students in science and humanities fields, said an OSU spokesperson.

The IHS students who are to participate are Dennis Starr, Mike Douglas and Darrin Padberg. IHS teacher Darrel Wilson was also selected to attend.

A total of 150 students and 50 teachers from high schools across the state have been selected to participate in the 1983 symposium. The theme this year is, "Preparation for a High Technological Society: Fact or Fantasy?"

A \$13,000 grant from the Academy of Applied Science, in cooperation with the U.S. Army Research Office, helps pay symposium expenses and provides room and board for the selected students and teachers, the spokesperson said.

Keynote talks will be given by selected OSU professors and guest speakers. Then students will discuss the topic in terms of new developments in the various fields of science and humanities. Selected students will present research papers.

Thomas P. Evans, chairman of the OSU department of science and mathematics education, has directed the program since its establishment in the Northwest as part of a national program. Pro-

fessor Margaret L. Moore is coordinator.

A national symposium for representatives from the 42 state programs will be held in May in Boston, Moore said.

Gooseberry Livestock 4-H Club meets

By NANCE WRIGHT

The Gooseberry Livestock 4-H Club held a meeting Feb. 13.

At the meeting we discussed making a club banner which will hang above our 4-H live-

Drama Club to present adaption of classic tale

The Heppner High School Drama Club announces the short play, "The Truly Remarkable Puss 'n' Boots," a hilarious dramatic adaptation of the classic tale, this one written by Patricia Clapp. The

play will be held at the HHS cafeteria Friday, Mar. 18 at 7 p.m. and Saturday, Mar. 19, both at 3 p.m. and 7 p.m. The performance will last 45 minutes. General admission will be 50 cents.

"We chose 'Puss 'n' Boots' because the youngsters of the community have been neglected in recent performances," said director, Larry Cerullo, "It's for the young in age and young at heart."

Two club members went to the extension office and ordered slides on sheep, which we will watch at the next meeting.

The next meeting will be at Rill's house on March 13 at 6:30 p.m.

stock projects at the fair this year. The club banner will have our club name on it. Four people from our club were nominated to make the banner.

We also watched slides on
