We, the undersigned citizens of the
Morrow County School District,
urge you to vote

YES

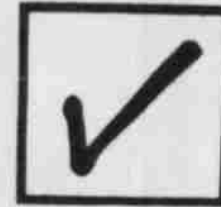

on the School District Levy May 17

Why? Because...

★ The Levy represents a \$111,109.00 reduction from the proposed levy defeated by the voters in March.

★ Based on the estimated district value of \$700,000,000.00 for next year, this budget would cost \$7.96 per thousand dollars of valuation, which is one of the lowest tax rates for school support in the entire state.

★ Reductions in the budget have been made without reducing the Educational offering to students whenever possible.

Tuesday, May 17, the polls will be open from 8a.m. to 8p.m.

Please vote **YES** on a realistic and
necessary Morrow County School
District Budget.
