

Local women attend Rebekah convention

By DELPHA JONES

Mr. and Mrs. Lyle Peck and Mr. and Mrs. C.C. Jones returned home Friday evening from a few days stay at Seaside, where they attended a Rebekah convention. The men enjoyed some sight seeing and fishing while the ladies attended the session.

There were many lovely tributes and the International Rebekah president from Virginia, the president of the Rebekah Assembly of Washington, the warden of the assembly from Washington, several guests from California and the grand scribe of the Sovereign Grand Lodge of Australia, enroute to England's grand lodge session being held in Alberta, Canada, and other dignitaries from other states, were present.

The meeting was presided over by Luella Foster, state president. There were several interesting pieces of legislation and some held over to the following year. There were 800 registered with 550 being Rebekahs and 250 Oddfellows. There were 494 tickets sold for the fraternal banquet.

A group from Forest Grove, who started out as a barber shop quartet but have now six lady singers and have traveled throughout the world, entertained with several fine numbers.

Awards chairpersons gave community service awards and publicity awards. Two people dressed as owls performed; a cute girl owl and a bashful boy owl. He taught her to dance. The skits were really cute and showed many hours of practice. A group of clowns also entertained the group with balloons for the ladies and real kisses for the gentlemen.

During an election of officers, Una Makin of Joseph was elected president, Sharon Mignun, vice-president and Patricia Horton, Warden.

Appointed officers from the local area are: Virginia Peck, assistant marshal, and Donna Fortenberry, Fraternal press chairman.

The President's and Grand Master's Ball will be held October 22 in Pendleton.

One of the main points of interest was a report on the Holeate Center (an Oddfellow home and nursing facility) in Portland. At the present time, things are going very well there. The nursing home

and hospital care unit are fortunate to have doctors of medicine, therapists and dentists taking their internships there. This gives the facility a fine nursing program. There is also a nurses' training program going on at the present time, and it is hoped this can continue.

The Friendship House is being remodelled with more baths being built. Walk ways and rest areas are also being planned for the residents. A new project for the coming year is a garden which the residents are helping plant and maintain. This is good mental therapy for some, but also for therapy for aching muscles, too. There is a dietary occupational project going on at the present time. People living alone who are on a special diet and take medication sometimes get off schedule. When this happens, they are taken into the nursing

facility and regulated then taken back to the residency of their home. This proving to be a worthwhile project also. The older building is being developed into housing for low income people. There are about 77 residents at present time. This report was greatly enjoyed and was most interesting. Much of the monies received by the lodge help support this worthwhile project.

Holly No. 139 received a certificate for a 100 percent paid up membership for the eve bank. This is one dollar donated by each member to World Eye Bank Research.

There was some talk on state wide assistance for the U.N. Pilgrimage, but this was read and held over.

The seating of the officers and grand March and dance was a lovely affair as always. The next session will be in Grants Pass in 1984.

Shirley George winner in Little League raffle

Shirley George of Heppner was the lucky winner of an Amana Radarange in a Little League raffle drawing May 25. The oven was donated by Lott's Electric, Heppner.

Over 1,200 tickets were sold and over \$600 was raised. The funds will be used to purchase materials to erect a chain link fence at a new Little League field near Willow Creek Dam.

Top salesperson was Bobby Krein, who sold 242 tickets and received \$10 for his efforts. Scott Johnston was runner-up

with 200 tickets. He was awarded \$5.

What's Your Opinion?

Question: "With today's economy, how do you see this year's graduating class finding jobs?"

"I think they're going to have to make their own jobs a lot of the time. They're going to have to really go out and beat the carpet," said Dr. Thomas Alexander of Boardman. "And they may not find the jobs they started out looking for."

Bartlett wins scholarship

Vickie Bartlett

The Morrow County Education Association Scholarship for 1983 has been awarded to Vickie Bartlett, a senior at Riverside High School in Boardman. She is the daughter of Gale and Shirley Grill of Boardman.

The scholarship is for \$500 and is awarded every year to a senior from one of the three Morrow County high schools who plans to pursue a career in education.

"Vickie is an outstanding student at Riverside and has participated in numerous extra-curricular activities. She has also tutored grade school students

under the guidance of the Morrow County Juvenile Commission and has worked as an Outdoor Education Counselor," said a school spokesperson.

"Time is precious, but truth is more precious than time."
Benjamin Disraeli
