

V&G Tavern Under new proprietorship

Chuck and Arlene Dahl have taken over the V & G Tavern in Lexington. The Dahls, who are purchasing the tavern from Gay and Paty Harshman, hope to have the trans-

action completed soon.

The couple, who came to Lexington from Camp Sherman, near Sisters, have three children: Lisa 22; Chris, 20; and Norman, 18. They are all

living in Lexington.

The Dahls say they plan no immediate changes in the tavern and business hours will remain the same.

D.A.'s Report

Danny Brasel, 21, of Irrigon, was found guilty by a jury of Driving While Suspended in Morrow County Circuit Court last Thursday, June 2, and was fined \$325, reported Morrow County District Attorney Richard McNeerney.

In other news, McNeerney reported:—Mark Plant, 27, of Boardman, was found not guilty by a district court judge of Driving While Suspended.

—Richard Anderson, 22, of Irrigon, pleaded guilty to Driving While Suspended in Irrigon Justice Court last Wednesday, June 1, and was fined \$107.

Hospital Notes

The following patients were admitted and released from Pioneer Memorial Hospital during the past week:

Vic Groshens, Sr., Heppner - admitted June 1, released June 2;

Edwin Brandenburg, Heppner - admitted June 2, released June 3;

Cammie Papineau, Lexington - admitted June 2, released June 4; and

Herman Winter, Heppner - admitted June 3, released June 4.

Another patient at the hospital, Della McCurdy, of Heppner, was still receiving care at the hospital as of Monday, June 6.

What's Your Opinion?

Question: "How do you feel about the federal legislature repealing the automatic 10 percent tax on bank interest and dividends?"
"I was against it anyway, so I'm glad they did," said Kaedene Bailey of Echo.

PUBLIC NOTICES

NATIONAL FLOOD INSURANCE PROGRAM AGENCY: Federal Emergency Management Agency ACTION: Proposed rule. SUMMARY:

Technical information or comments are solicited on the proposed modified base (100-year) flood elevations shown in your community's Preliminary Revised Flood Insurance Rate Map. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program. The proposed base flood elevations modify the base flood elevations shown on your community's presently effective Flood Insurance Rate Map.

ADDRESSES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the community.

ADDRESSES: The Preliminary Revised Flood Insurance Rate Map showing the proposed modified base flood elevations and their delineation are available for review at City Hall, Ione, Oregon.

Send comments to the Honorable Linda LaRue, Mayor, City of Ione, City Hall, P.O. Box 361, Ione, Oregon, 97843.

FOR FURTHER INFORMATION, CONTACT: Dr. Brian R. Mrazik, Acting Chief, Engineering Branch, Natural Hazards Division, Federal Emergency Management Agency, Washington, D.C. 20472 (202) 287-0230

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency gives notice of the proposed determinations of modified base (100-year) flood elevations, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR 67.4 (a).

These elevations, together with the flood plain management measures required by Section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance of existing buildings and their contents.

Pursuant to the provisions of 5 USC 605 (b), the Associate Director, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the proposed flood elevation determinations, if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under Section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the flood plain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts flood plain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the flood plain and do not prescribe development. Thus,

PUBLIC NOTICES

this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Proposed base flood elevations along flood sources studied in detail are shown on the Preliminary Revised Flood Insurance Rate Map. Lessees and owners of real property in the City of Ione are encouraged to review these maps and related materials at the address cited above. The flood sources studied in detail are:
