

Privett's celebrate 50th

Floy (Frazier) and C.H. (Bill) Privett celebrated their 50th wedding anniversary at a reception hosted by their children June 23 at the V.F.W. hall in Ava, Missouri.

A four-tiered wedding cake topped with "50" and a bouquet of carnations, yellow daisies, roses, and baby's breath accented the gold and white streamers and wedding bells which decorated the hall.

The reception was hosted by the couple's children:

Billie Jean and Leon Tabor and their children Brenda, Cindy, and Keith Tabor and his wife Karen along with four-month old Mejan Ariana Tabor.

Jane and Alan Brown and their children Ken, Tad, LeAnn, and Mark and his wife Mary Kay.

John Privett and his wife Frances and their children Karen and Mike. Family members unable to attend were John's daughter Kim, and bill and Floy's son Joe and his family.

Other family members in attendance included Floy's sisters and their husbands: Alma and Harley Belton, Vergie and John Simpson, Mescal and Gerald Sell, two brothers and their wives, Lee and Beulah Frazier and Jeff and Janice Frazier. Bill's sisters and their husbands included Margaret and Walter Whaley, Edna and Bill Busse, and Sallie Daniels, and his brother Jack.

Nearly 100 people attended the party including nieces, nephews, cousins and childhood friends and Jack and Mary Van Winkle from Heppner.

The reception was followed by a barbecue at the Tabor home and a Privett family reunion.

The Privett's returned to Heppner July 11 where they expect to spend some of the summer before returning to their home in Salome, Arizona.

A no-host dinner was held at Spartakas in Hermiston recently in celebration of the Privett's 50th.

Their son Joe and grandson Kevin came from Benton City, Washington, as well as many friends from the Heppner-Pendleton-Arlington area.

Mrs. Jack VanWinkle baked a cake which she served with the help of Mrs. LeRoy Gardner.

Rodeo team brings scholarships

The men's and women's rodeo teams have earned \$11,750 in scholarship money for next year, the Blue Mountain Community College Board learned at its regular monthly meeting held July 18.

That total is an accumulation of awards made by the U.S. Tobacco Co. and Miller Brewing for regional as well as national competition, according to Pat Loughary, dean of students and college services. This year a representative from BMCC also won the Bill Robinson Memorial scholarship award.

John Opie was top money winner with \$3,700 worth of scholarship winnings. Opie was the men's all-around champion both regionally and at nationals. He also took second in the saddle bronc and bareback competitions at the national collegiate rodeo finals.

Second place money winner for BMCC was Mike Currin who brought home \$2,650 in scholarship winnings. Currin was tied for second in the steer wrestling competition at the regional level. He went on to win first in steer wrestling at the national finals. This win gave him the Bill Robinson Memorial award of \$1,000.

Other rodeo scholarship money winners from BMCC included: Tauna Bradfield, second in barrel racing; Cliff Dougherty, second in regional steer wrestling; Scott English, calf roping co-champion; Mitch

Gregg, first in saddle bronc; Peggy Katzenberger, second in break away roping; Patty Pepper, second in goat tying; and Mike Rudolph, second in team roping.

All scholarship money won by rodeo team members is sent to the college for use by team coach Dena Longgood next year in awarding rodeo scholarships.

In another sports-related matter, the board considered progress to date on improving the running surface on the college track. The track surface has hardened to the point that orthopedic injuries are a possibility, according to track coach Mark Petersen.

Investigation into the best method of adding a more resilient coat to the existing surface will continue. The board asked college president Ron Daniels to tour tracks in the area to find out how successful such an application might be.

In other business, the college board:

--Granted a one-year unpaid leave of absence to Bob Jensen, social science instructor, for medical reasons. Kerry Hansen was hired as Jensen's replacement.

--Appointed Daniels budget officer for 1985-86.

--Heard a report that negotiations with faculty for the 1984-85 contract has gone to mediation. John Vale, state mediator, will be meeting with faculty and board representatives later this month.

Cow Belle Corner

By MARLENE CURRIN
Publicity Chairman
Morrow Co. CowBelles

An interesting article recently appeared in the Livestock Digest and I thought that the Morrow County CowBelles might like to read it too. Lee Pitts is the author and he is of the opinion that Cooking is becoming a lost art among the young and upwardly mobile professionals.

He stated that he has discovered the source of the whole diet health controversy. Here it is...any food you have to know how to cook is not good for you.

He discovered this while talking to fat Jerry. Jerry was so fat when they were kids growing up, that when they played their favorite game, all he could play was seek. Fat Jerry has tried all the fad diets. First, there was the electric can opener diet where he only ate those things that came in a can. With the food-stamp diet, he only ate those items he could buy with food-stamps. The water diet, Cambridge and Metrecal diets required no cooking. He got so desperate he even joined a religious group that didn't allow any fun of any kind. He became a vegetarian, but all he lost was his inheritance. This experience led him to the drinking man's diet. The low-fat diet did alter his appearance. He used to have a 46-inch waist, now it has settled around his knees. All of these diets required no cooking and allowed you to eat all you wanted of anything you didn't like. Jerry's latest diet is working. He only eats when his wife cooks. The poor man is shriveling up. He's losing 10 pounds a week and in three months he will vanish at this rate.

This brings Mr. Pitts to his point. Perhaps red meat consumption is down because today's liberated woman doesn't know how to cook it. Cooking is becoming a lost art among the young and upwardly mobile professionals, or "Yuppies" as they are called. The "Yuppies" think the four basic food groups are McDonald's, Wendy's, Burger King, and Pizza Hut. If you knocked the

cook book out of their hands and lost their place, they would have no idea of what they were preparing for dinner.

"If you want to find a good home cooked meal anymore, you have to find a restaurant that specializes in homecooking."

Hospital Notes

The following patients have received care at Pioneer Memorial Hospital in Heppner during the past week:

Will H. Welborn, Heppner - admitted July 20, discharged July 21;

Naomi Matthews, Heppner - admitted July 16, discharged July 18;

Patients still receiving care at the hospital as of presstime Monday included:

Clell Rea, Ione - admitted July 21;

Charlotte Bradfield, Ione - admitted July 20, and

Terril Bengel, Heppner - admitted July 22.

Heppner News Bits

Bridal shower to honor local couple

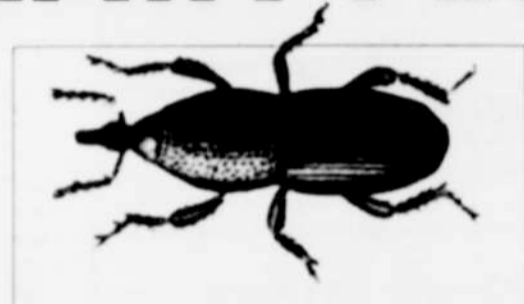

A general bridal shower in honor of Lisa Martin, bride-elect of Jerry Rietmann will be held Tuesday, August 7 at the Lone United Church of Christ.

All friends are invited to attend, said a spokesperson for the hostesses. For further information, contact Dode Krebs, 422-7108.

A surprise birthday party and potluck dinner was held Sunday, July 22, at the Heppner City Park in honor of Mildred Padberg. Guests included her daughter Mrs. Gordon Ross and family from Canby, her son Eldon Tucker and part of his family from Ione, and about 30 friends.
