MEASURE

Mark a Cross (X) or a Check Mark (✓) in the voting square before the word "YES" or before the word "NO" for the answer voted for.

AMENDED CITY CHARTER FOR CITY OF BOARDMAN, OREGON

QUESTION: SHALL THE CITY OF BOARDMAN ADOPT PROPOSED AMENDED CHARTER?

EXPLANATION: The current City Charter for the City of Boardman is in conflict with state law. The state law prevails.

The proposed amended charter is consistent with the current state law with respect to election procedures, vacancies on the council and passage of ordinances.

The amended charter provides for a city manager, defines his qualifications, powers and duties.

The amended charter was recommended by a citizen's committee and approved by the City Council.

[ ] YES, I VOTE FOR THE AMENDED CITY CHARTER

[ ] NO, I VOTE AGAINST THE AMENDED CITY CHARTER

148 [ ] CLED CHILDERS

149 [ ] JUDY OSMIN

FACSIMILE GENERAL ELECTION BALLOT MORROW COUNTY, OREGON Tuesday, November 6 from 8:00 a.m. to 8:00 p.m.

To vote on a Constitutional Amendment, Measure or Question, Mark a Cross (X) or a Check Mark (✓) in the voting square after the word "YES" or after the word "NO" for the answer voted for.

STATE MEASURES

REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

1 CHANGES MINIMUM REQUIREMENT FOR RECALL OF PUBLIC OFFICERS YES [ ] NO [ ]

QUESTION: Shall the minimum requirement for recall of public officers be changed from 10% to 15% of the total number of voters in a public officer's district? EXPLANATION: Amends Oregon Constitution. A recall election of a public officer now requires a petition from twenty five percent of the number of legal voters who voted in the public officer's district at the preceding election for Supreme Court Justice. The measure would reduce the number required to file a petition for recall to fifteen percent. The required percent of voters would be determined based upon the most recent election for Governor.

PROPOSED BY INITIATIVE PETITION

2 CONSTITUTIONAL REAL PROPERTY TAX LIMIT YES [ ] NO [ ]

QUESTION: Shall the Constitution limit real property tax rates and values, require elections for new taxes and limit tax elections? EXPLANATION: Amends Oregon Constitution. Limits real property tax to lesser of 1% 1981 assessed value as adjusted or amount levied for 1983-84. Taxes for authorized debt exempted. Assessed values may increase 2% annually. Requires state financial control reform. New or increased taxes require majority vote of 50% of legal voters of taxing unit. Specific tax election dates. Limits licenses, user fees and service fees to actual cost. Exempts Social Security benefits from taxation. ESTIMATE OF FINANCIAL EFFECT: The impact of the passage of this measure is based on existing laws and appropriation levels in effect on August 2, 1984. In addition to a revenue impact on local governmental units, passage of this measure will have the following financial impact on state government. Highway and Rental Refund Program (HARRP) will not decrease in 1985, but will decrease by approximately \$1.5 million in calendar year 1986 because state property taxes will be reduced. (Selling) taxes for corporations will increase by approximately \$3.2 million and personal income taxes will increase approximately \$12.6 million for a total increase of approximately \$11.8 million in calendar year 1985. A decrease in property taxes means less deductions for purposes of Oregon income tax and thereby produces these increased income tax revenues. The measure requires that voters be given property tax relief. At this time, it is impossible to determine how much this item will cost because the type of reform, i.e., agricultural, commercial, industrial and residential has not been determined and the amount of relief must be set by the legislature.

3 CREATES CITIZENS' UTILITY BOARD TO REPRESENT INTERESTS OF UTILITY CONSUMERS YES [ ] NO [ ]

QUESTION: Should a nonprofit public corporation funded by voluntary contributions be established to represent the interests of utility consumers? EXPLANATION: Creates Citizens' Utility Board to represent interests of electric, telephone, gas and heating utility consumers, before legislative, administrative and judicial bodies, conduct research and investigations. Authorizes Oregon residents contributing \$5 minimum to Board to vote for members of board. Establishes eligibility requirements and limits contributions and expenditures for board candidates. Authorizes board per capita to include certain materials with utility billings, subject to limited cost reimbursement to utility. Exempts municipalities, cooperatives and people's utility districts.

4 CONSTITUTIONAL AMENDMENT ESTABLISHES STATE LOTTERY, COMMISSION, PROFITS FOR ECONOMIC DEVELOPMENT YES [ ] NO [ ]

QUESTION: Shall a state lottery operated by commission be established, profits to be used to create jobs and further economic development? EXPLANATION: Constitutional amendment establishes state lottery and lottery commission. Lottery games shall include bingo, game show, raffle and social gaming. State casinos, profits to be used to create jobs, for economic development. Requires 50% of proceeds to be paid in prizes. Limits expenses to 15%. Requires legislature to send \$1,800,000 to fund initial costs, repaid from profits. If this and other constitutional initiatives authorizing lottery pass, only measure with most votes takes effect. ESTIMATE OF FINANCIAL EFFECT: Passage of this measure will increase total annual general fund revenue approximately \$30 to \$110 million. At least 24 percent of this revenue will be used for prizes, economic development, and job creation programs. The remaining revenue up to 15 percent will pay all administrative costs. \$1.8 million of general fund money will be used to start the lottery. Within one year, this state plus 10 percent interest will be repaid to the general fund from lottery ticket sales.

5 STATUTORY PROVISIONS FOR STATE OPERATED LOTTERY IF CONSTITUTIONALLY AUTHORIZED YES [ ] NO [ ]

QUESTION: Shall legislation be enacted to require state lottery, establish qualifications for commission, director, retailers, vendors and contractors, if constitutional amendment? EXPLANATION: Measure regulating and providing for state operated lottery becomes effective if separate constitutional amendment passes. CONTAINS MANY DETAILS NOT MENTIONED HERE. Requires legislature to send \$1,800,000 to fund initial costs, repaid from profits. Requires 50% of proceeds to be paid in prizes exempt from state taxes. Limits expenses to 15%. Establishes qualifications for lottery commissioners, director, lottery retailers, vendors and contractors. Provides for security, audits and studies. Prohibits play by minors.

STATE MEASURES

REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

6 EXEMPTS DEATH SENTENCES FROM CONSTITUTIONAL GUARANTEES AGAINST CRUEL, VINDICTIVE PUNISHMENTS YES [ ] NO [ ]

QUESTION: Shall capital punishment for aggravated murder be exempted from Oregon constitutional prohibitions against cruel, unusual, disproportionate and vindictive punishments? EXPLANATION: Amends Oregon Constitution. Article I, section 15 requires that the laws for punishment of crime shall be founded on principles of reformation and not vindictive justice. Article I, section 16 prohibits cruel, unusual, and disproportionate punishments. The measure would exempt aggravated murder statutes requiring the death penalty on unanimous jury findings from these constitutional guarantees, where death was not imposed, the penalty would remain as life imprisonment with a mandatory minimum provided by statute.

7 REQUIRES BY STATUTE DEATH OR MANDATORY IMPRISONMENT FOR AGGRAVATED MURDER YES [ ] NO [ ]

QUESTION: Shall the penalty for aggravated murder be death under specified conditions, and be life imprisonment with a 30-year minimum otherwise? EXPLANATION: Amends statutes. Requires that penalty for aggravated murder be death by lethal injection when unanimous jury finds beyond a reasonable doubt that defendant acted deliberately with premeditated expectation that death would result, is probably a continuing threat to society, and responded unreasonably to any provocation by deceased. Requires Supreme Court review. Requires life imprisonment with 30-year minimum subject to Parole Board review after 20 years in all other cases. ESTIMATE OF FINANCIAL EFFECT: Passage of this measure will increase annual recurring costs for the state court system and the costs for prosecution and defense. Staffing costs for death row cell blocks are estimated to be \$190,000 for each of the first two fiscal years and \$285,000 starting the third year after passage. No capital construction is needed.

8 REVISES NUMEROUS CRIMINAL LAWS CONCERNING POLICE POWERS, TRIALS, EVIDENCE, SENTENCING YES [ ] NO [ ]

QUESTION: Shall prosecutor's control over trial procedures be expanded and major changes made in police powers, evidence, sentencing, parole, victim's role? EXPLANATION: NOTICE: THIS DESCRIPTION DOES NOT IDENTIFY ALL CHANGES PROPOSED TO CRIMINAL STATUTES. Gives prosecutors new or additional authority, including to compel jury trials, prevent dismissal after civil compromise, try multiple defendants jointly, repeat statutes regarding stops and searches of persons and vehicles allowing challenges to legality of unconstitutionally obtained evidence, gives victim role in trial scheduling, sentencing, parole, expands cross examination on witness a prior conviction, requires multiple and consecutive sentences, makes other changes. ESTIMATE OF FINANCIAL EFFECT: Passage of this measure will increase by up to \$3.0 million the annual recurring costs for the state court system and the costs for prosecution and defense. Election costs will increase by \$41,000.

9 ADDS REQUIREMENTS FOR DISPOSING WASTES CONTAINING NATURALLY OCCURRING RADIOACTIVE ISOTOPES YES [ ] NO [ ]

QUESTION: Should the Energy Facility Siting Council consider additional factors before approving sites for disposing wastes containing naturally occurring radioactive isotopes? EXPLANATION: This measure would add to existing requirements by requiring the Energy Facility Siting Council to find, before approving a site for the disposal of wastes containing only naturally occurring radioactive isotopes, that the site is not subject to water erosion, earthquakes, volcanoes, or landslides that there is no safer choice for such disposal, and that there will be no radioactive release from the waste.

COUNTY MEASURE

REFERRED TO THE PEOPLE BY THE MORROW COUNTY COURT

10 TAX BASE FOR OPERATING MORROW COUNTY PROGRAMS YES [ ] NO [ ]

QUESTION: Shall Morrow County's tax base be increased to \$3,120,440 from the current tax base of \$484,578? EXPLANATION: The purpose of this measure is to establish a realistic tax base for County operations. The current tax base was established prior to 1982. On March 27, 1984, the voters approved a levy of \$2,655,862 outside the current tax base which is \$484,578. The total operating levy for fiscal year 1984-85 is \$3,120,440 and that is the exact amount the County is asking the voters to approve as a tax base. This proposed tax base does not levy any additional taxes, nor does it establish a new tax base. If this measure is approved, the County would be subject to the 5% constitutional limitation and could not exceed this limit without voter approval.

Voting places for the General Election to be held on Tuesday, November 6, 1984 will be as follows: Morrow County Clerk Barbara Bloodsworth

Table with 3 columns: No., Precinct, Voting Place. Lists precincts 01-11 and their corresponding voting locations.
