Golfers struggle with regulation course

By TRAVIS HYATT
The Heppner golf team played its first regulation course last Friday, April 26, at Hermiston, and tended to struggle a little bit with the experience.

"I would say it was a good experience," said coach Duane Nieffer, "part of it was playing the long holes, the use of the fairway, woods, and also putting on long greens."

The streak of medalist honors by Dave Green ended at three as he shot an 89 on the par 70 course. Medalist honors went to Hermiston Shane Soros (84). Teammate Kevin Miller shot an 85.

Other scores for Heppner were Keith Kension - 103, Dan Struthers - 110 and Sean Lawson - 113. Marion McMillan rounded out the varsity squad shooting a 144.

As a team, Heppner came in third with a combined 415 strokes. Riverside took second with 413. Hermiston had a 339.

Heppner High School's Junior-Senior Prom began last Saturday at the school cafeteria with a Hawaiian banquet of shish-kabobs and tropical fruit salad. The dinner was prepared by parents of the junior class. The theme for the evening was "Night in Paradise."

The 1985 seniors and guests were greeted at the door by girls in grass skirts who gave leis to everyone to wear. The room was decorated with a beach theme using fishnets, beach balls, beach umbrellas and sailboat sails. The dress code was "anything Hawaiian" and only a very few didn't follow it.

Reading the senior wills and prophecies was Dave Sinkevitch, who helped spearhead the dinner and dance with his wife, Margo, and Larry Cerullo. Sinkevitch and Cerullo are co-advisors to the junior class.

Prom began at 9 p.m. at the Heppner Elks Lodge with the crowning of the court topping the evening at 10:30 p.m.

SWCD announces soil stewardship theme

The Morrow Soil and Water Conservation District will join the nationwide observance of Soil Stewardship Week during the week of May 12 to 19, 1985, announced Janet Greenup, District Education Chairperson.

"Tomorrow Together" is the theme of the 1985 observance. As the 1985 booklet for the observance points out, human survival depends on other living things: the grasses and grain, fishes and birds, wild and domestic animals. And we all depend for our basic necessities on soil and water. Together we must think about ways to preserve and renew the topsoil from which all our food comes. Together, we must work to purify and protect our waters.

In 1965, the soil conservation movement in America marks its 15th anniversary. During the Dust Bowl era of the '30s, conservation districts, local units of government, were founded to take soil conservation information and techniques out to farmers and ranchers. But their task has grown. Now conservation districts also work with urban and suburban citizens in protecting construction sites, school yards, shorelines and parks from erosion. And they are involved in work to clean up the nation's waters.

Since 1955, the National Association of Conservation Districts has sponsored Soil Stewardship Week, in cooperation with the nearly 3,000 conservation districts, as one way to emphasize the importance of good stewardship of our basic soil and water resources.

Materials especially designed to carry the 1985 theme of "Tomorrow Together" are being distributed through local conservation districts

to clergymen, lay leaders, civic and educational organizations and to individuals participating in the observance.

Information and materials for the 1985 observance of Soil Stewardship

Week are available in this area from the Morrow Soil & Water Conservation District office by calling 676-3452 between 8 a.m. and 12 noon Monday through Friday.

You could be the one to win it!

OREGON'S VERY OWN LOTTERY IS HERE.

Pot of Gold. Just a dollar a ticket. Yet you could win from \$2 to \$5,000 instantly! Or, if you're really lucky, the Jackpot Prize of at least \$600,000!

HERE'S HOW YOU PLAY.

First, buy yourself a ticket or two wherever you see our sign. There are thousands of ticket outlets all across Oregon.

Then, using the edge of a coin, gently rub the spots indicated on the ticket. If the same amount appears on three of these spots, you win!

If you're one of the many \$2 or \$5 winners, simply claim your prize at the store where you bought the ticket. If, on the other hand, you're one who wins at least \$100, take or mail your ticket to the Oregon Lottery office nearest you. You'll receive your money on the spot.

But, that's not all.

If you're one of the really lucky ones to win exactly \$100, you'll also be eligible for a chance to spin our

Jackpot Wheel. And win from \$1,000 to \$25,000 more. Or, the Giant Jackpot Prize of at least \$600,000. At least, because if nobody wins it one week, it grows and grows and keeps on growing until somebody wins.

And remember, somebody will win!

OKAY, SO WHAT EXACTLY ARE THE CHANCES OF WINNING?

Actually, pretty darn good.

We absolutely, positively guarantee that the odds of winning average out to better than 1 in 10. Just check out the chart to find the exact odds for each prize.

OREGON WINS, EVERY TIME YOU BUY A TICKET.

For every dollar you spend on tickets, at least 34 cents goes to Economic Development for Oregon. That means more jobs. For ourselves. And our kids.

So, you see, even if you don't win, you win.

By the way, with the remaining 66 cents, just 16 cents or less goes to running the lottery, while a big 50 cents goes to prizes. No wonder so many people will win.

Including, we hope, you.

Good luck!
