

Cards crushed by Dufur Rangers, 54-0

By ERIC POINTER

The lone Cardinals traveled to Dufur to take on the Dufur Rangers on Friday, Sept. 27. Lone returned home smarting, though, as the Rangers manhandled the Cardinals in a 54-0 Big Sky Conference game. The Cards, 1-1 after the loss, now have to prepare for their next game, a non-conference battle with Culver, and put the Dufur game behind them.

For the Cardinals it looked as though the day might go well as the Rangers mishandled the opening kick-off and Lone recovered the ball on the six-yard line. They failed, however, to put the ball in the end-zone and Dufur took over on their own one-yard line. Following a 15-yard penalty and a five-yard penalty on Lone, Dufur quarterback Kevin Sanson dropped back and passed to Rusty Namie who had gotten behind Lone's coverage and Namie raced into the endzone giving Dufur a 6-0 lead. Dufur held Lone on the Cards next possession and on the sixth play after they got the ball back, Aaron Everson ran 23 yards for another Ranger score. The score stood at 12-0 in favor of Dufur at the end of the first quarter.

In the second quarter, the story was the same. With Lone struggling on both offense and defense Dufur exploded and held a commanding 28-0 lead a little more than halfway through the second quarter. The frustration continued for the Cardinals as once again, the offense could not move the ball, and the defense yielded another Dufur touchdown. This time Sanson carried the ball right up the middle for 48 yards, then turned around and hit Sawyer again for another successful conversion. The first half ended lopsidedly in Dufur's favor, 36-0.

The second half held no miracles for Lone as Dufur scored six points in the third quarter and 12 more in the final period. The statistics do nothing to detract from the Rangers obvious dominance; they enjoyed in the game.

The Cardinals game Friday, October 4 against Culver begins at 1 p.m.

Lone varsity volleyball team loses to Dufur

By Karla Davison

Junior Varsity

The Lone Cardinal Varsity volleyball team lost in three matches Friday, Sept. 27 against the Dufur Rangers. The first match was in Lone's favor 15-7, the second and third in Dufur's 13-15, 8-15.

At Dufur, Friday, Sept. 27, Lone's Junior Varsity played three matches against the Rangers. The Cardinals beat the Rangers in the first match 15-7, but lost the second 13-15, and third 8-15.

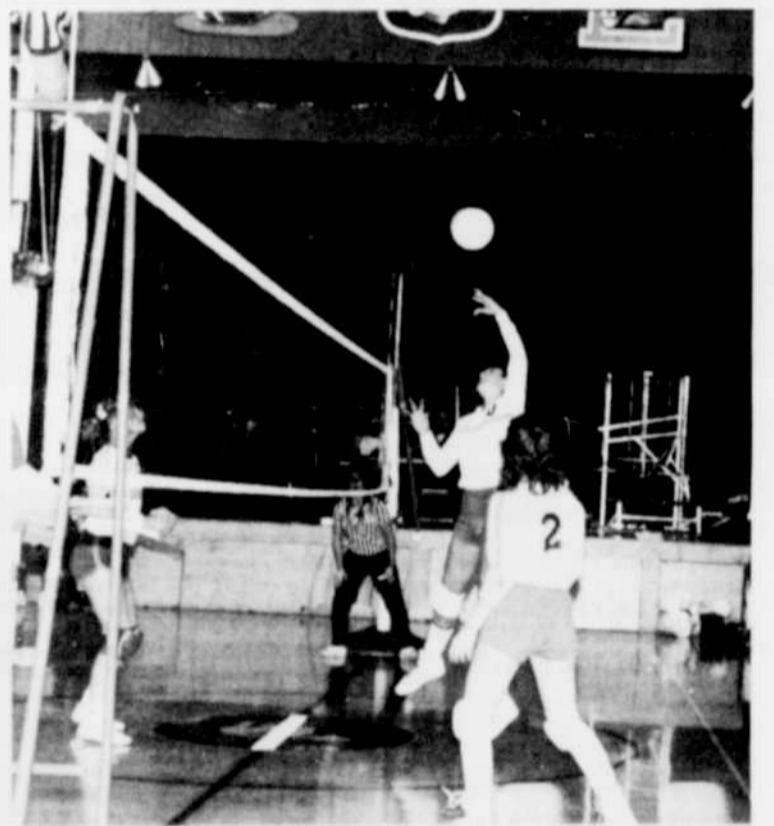

Michelle Beeson led the Cardinal girls in defense and offense.

After the game coach Jocelyn Jones said "The girls lost a tough one, but they played well though."

Mustangs bow to Huskies in 2nd quarter game

By ASHLEY CONKLIN

With a poor first half, the Heppner football team dropped to 1-3 on Friday Sept. 27, following a 14-0 loss to the Sherman County Huskies.

Neither team scored in the first quarter. Early in the second frame, the Huskies went 76 yards on only two plays to go ahead 7-0. John Irzyk ran from the Mustangs 10-yard line to the five, fumbled and the Huskies' Chris Huffman recovered the fumble in the end zone for a touchdown. Marshall Pattee added the extra point kick. The score was set up when Keith Blaylock broke loose for a 66 yard run.

On their next possession, Sherman County capped a 71 yard, seven play drive when Steve Schilling rambled 19 yards on a reverse. Again, Pattee added the extra point, putting Sherman County up 14-0 at Intermission.

Neither team could manage to score in the final half. Twice, Heppner drove inside the Huskies 30 yard line. In the third period, Heppner's Ryan Duncan was intercepted on the Huskies 26-yard line. The second time, time ran out on Heppner.

The Mustangs had season highs in both rushing and total yards. The Mustangs ground out 152 yards rushing and 193 yards of total offense.

Heppner hosts Umatilla on Friday, October 4 at 7:30 p.m. This contest will be Heppner's Homecoming game.

Wasp wings may increase efficiency of commercial airplanes

Learning about the wings of a wasp may help us fly a little more safely, says an international wildlife magazine. A university of Southern California engineer is studying the aerodynamics of wasp wings which are about six times more efficient than airplane wings. The information may help in the design of commercial airliners which can land a slower, safer speeds.
