

1986 Morrow County CowBelles Officers (from left): Claudia Hughes, president, Yvonne Daly-first vice-president, Diana Ball-second vice president, Marlene Currin-secretary, and Kathy Carlson-treasurer.

At a meeting last Friday, the Morrow County CowBelles heard reports of the organization's activities on the state and national level to promote the use of beef. The organization supports "Nutri-Facts," good and bad nutritional information about beef which has been reviewed and approved by the American Heart Assoc. and the American Dietetic Assoc. and is being distributed to retailers

throughout the area. Another key project is providing nutrition information through the primary schools with emphasis on the importance of foods from all of the food groups and the "fun" of trying new foods.

Kay Markgraf, president of the Oregon State CowBelles and her daughter, Corinna Jacobs, president of the Baker City CowBelles, were guests at the meeting.

THE BUCKS START

HERE.

Yes! Oregon's very own lotto is here MEGABUCKS. Millions will be won. Wanna shot at it? Read carefully on.

HOW TO PLAY. Drop by any retailer displaying the MEGABUCKS sign. Grab yourself a play slip. It's two chances for a buck. Pick 6 numbers per game board and hand the slip to your retailer. He'll feed it into the computer. And give you a ticket with the numbers you picked.

Or, if you're in a hurry, ask the computer to pick the numbers for you. Who knows. Maybe it's psychic.

HOW TO WIN. First Hang on to that ticket. It's your only proof of play. Then, watch the MEGABUCKS show Saturday nights on TV. And hope like heck your numbers come up. Match 4 and you win. Match 5 and you win big. Match 6 and you win the Megaprize.

HOW TO COLLECT. Come down from the ceiling. And take your ticket to any MEGABUCKS retailer.*

IT'S YOUR SHOT AT BIG MONEY!

If you pick:	You win or share:	Chances of winning:
6 of 6 winning numbers	Megaprize 65% of prize money	1 1,380,541
5 of 6 winning numbers	2nd Prize 12% of prize money	1 190
4 of 6 winning numbers	3rd Prize 20% of prize money	1 180

And Prize contains a larger percentage of prize money than 2nd Prize because it's easier to win and will usually be divided among more players. 5% of prize pool held in reserve for future prizes.

The odds of a minimum wager, 2 selections, winning in any of the three pari-mutuel prize pools are 1:181, based on sales of 2,700,081 combinations.

People are winning. All over the country. Week after week. So go ahead. Take a shot at it.

And, oh yes. Now that we have MEGABUCKS in Oregon, why play anybody else's lotto? After all, the chances of winning our Megaprize are the best in the west.

Hmmm... Makes our game down right irresistible, doesn't it?

*Take your winning ticket to any MEGABUCKS retailer to collect \$500 or less. Or go to Lottery head quarters in Salem if you've won more than \$500. You'll get paid on the spot.
