

Opens practice in Heppner

Robert M. Clark

Robert M. Clark, MSW, has begun a private counseling practice in Heppner. He has been in private practice in Pendleton for two years and has worked for the last year as a parttime consultant at the Pioneer Memorial Hospital nursing home. He is in Heppner on Thursdays and will make appointments to see local clients through his Pendleton office.

276-4017. He is a registered clinical social worker.

He has five years social work experience including the position of Mental Health Specialist at Mid-Columbia Psychiatric Hospital, Richland, Washington; social worker-case manager at the Stress Center, St. Anthony Hospital, Pendleton; individual, adolescent, marital and family therapy for the Catholic Family Services in Spokane, Washington; crisis line counseling and mental health research for the Community Mental Health Center in Spokane; independent living skills provider at the Spokane County Community Service in Spokane; and marital therapist, personal growth group leader for Eastern Washington University at Cheney.

He earned both a Bachelor of Arts in social work and a M.S.W. at Eastern Washington University at Cheney.

Clark also began the Satellite Referral Service March 1. The service, he says, is a "different way to meet people. Especially in rural areas, there are times when people have difficulty meeting other adults.

"Anyone over 18 can apply for the referral service," he says. "It is just as confidential as the applicant would like it to be. Widowed and divorced people," he concludes "generally make the most use of this type service.

State of Eastern Oregon to sell collector coins

Baker Gold and Silver was commissioned to strike an official coin for the state of Eastern Oregon at last Saturday's legislative session in Heppner. The coins will be available in bronze for \$4.95 and silver for \$17.95.

The silver coins will each contain one ounce of silver and each of the 2,250 limited edition will be numbered. The coins are expected to be available June 15. Order forms are available locally at the four locations which sell citizenship cards

and \$3 bills: Heppner Bowl, Coast to Coast, Petersons Jewelers, and the Country Rose.

In other business, the legislators discussed:

-elections for state officers which will be held in conjunction with the Miners Jubilee at Baker, the state's capital, the third weekend in July. Officers now serving the state are mostly appointed, and the legislature is awaiting input from local Chambers of Commerce to decide which offices the state should have.

-brochures promoting the state of Eastern Oregon which will be distributed throughout the state within the next two to three weeks. The brochures will also be distributed

throughout the United States-"before people begin heading through this area on their way to Expo," said State Senator Don Cole.

Average water supplies forecast

The March 1 snowpack at the Arbutle Mountain snow course was 24 inches deep with 9.0" water content. This is 99 percent of average. The Madison Butte Snotel site reported 1.9 inches of water equivalent.

for the rest of the season, are as follows:

-Butter Creek near Pine City, 11.3 thousand acre feet, which is 97 percent of the average March-July 11.6 thousand acre feet.
