

### Remember Mother's Day

#### Dedicated to mother (and fathers filling their shoes)

When the good Lord was creating mothers, he was into his sixth day of overtime. An angel appeared and said, "You're doing a lot of fiddling around on this one, Lord."

And the Lord said, "Have you read the specs on this order? She has to be completely washable but not plastic, have 180 moveable parts, all replaceable, run on black coffee and leftovers, have a lap that disappears when she stands up, a kiss that can cure anything from a broken leg to a disappointing love affair, plus six pairs of hands." The Angel shook her head and said, "Six pairs of hands? No way."

"It's not the six pairs of hands that's causing me problems," said the Lord, "It's the three pair of eyes that mothers must have."

"That's on the standard model?" asked the Angel. The Lord nodded. "One pair that goes through closed doors when she asks what are you kids doing in there? Another pair in the back of her head that sees what she has to know. And, of course, the pair in front that can look at a child who goofs and say without uttering a word, I understand, and I love you."

"Lord," said the Angel gently touching his sleeve, "go to bed...tomorrow is another day."

"I can't," said the Lord. "I'm so close now. Already I have one who heals herself when sick, feeds a family of six on a pound of hamburger, and can get a 4-year old to stand under a shower. And she's tough. You have no idea what this mother can endure," said the Lord excitedly.

Finally, the Angel bent over and ran a finger across the model's cheek. "But there's a leak."

"It's not a leak," said the Lord. It's a tear. It's for joy, sadness, disappointment, pain, loneliness and pride."

"You're a genius," said the angel.

The Lord looked sadder. "But I didn't put it there," he replied.

### Retain Gray as Justice of the Peace

To the Editor:  
I would like to urge the voters of Morrow County to retain Charlotte Gray as Justice of the Peace. She has the experience and honesty that is needed to provide fair and impartial justice for all the people of Morrow County.

I believe justice court to be a valuable service to all Morrow County.

### Comments junior bowling instructors

To the Editor:  
Since October Sam Worley and Billie Doherty have been donating their Saturdays to the youth of Heppner and Lexington by running the Junior Bowling program. This last weekend, along with Cyde Skroch, Cathie Pointer, Cindi Hudson, and Rick Paullus, they accompanied 24

County residents and I know personally how hard Judge Charlotte Gray has worked to keep Justice Court. So on May 20 vote for experience, honesty and fairness, vote for Charlotte Gray Justice of the Peace.

### Time for Oregon voters to form PAC

To the Editor:  
With all the negative attention PAC groups have been given in the news lately, no doubt Senator Packwood wishes Oregon voters would somehow forget about his huge war chest of millions and the fact that 98% of his support comes from these out-of-state interest.

According to many, PAC groups threaten to poison our nation's political system. Senator Hart of Colorado recently told the Senate: "It seems the only group without a well-heeled PAC is the average citizen—the voter who has no special interest beyond low taxes, an efficient government, an honorable Congress and a humane society. Those are the demands we should be heeding, but those are the demands that PACs have drowned out."

Gay PACs contribute substantial campaign funds to congressmen who will push their homosexuality agendas, ever hoping to achieve minority status which would give

them preferential treatment in housing, education and jobs. Both Senator Packwood and Congressman Weaver co-sponsored homosexual bills in their respective houses, that, if they had passed, could have had far-reaching effects.

Perhaps that is why the Dallas (Texas) Times Herald printed this: "The power of PAC money increasingly threatens to turn members of congress into legalized, political prostitutes. It drives them to sell to the highest bidder."

Senator Barry Goldwater seconded that when he said, "It is the PACs and the special interests they represent and not the people, who set the country's political agenda and control a candidate's position on important issues."

It is time that Oregon voters form a people PAC and tell Senator Packwood and his well-heeled out-of-state interests that Oregon votes must be earned, not bought.

Sincerely,  
Loren Lee

## HE CAN DO MORE GOOD FOR EASTERN OREGON.

It's good to have a man like Bob Packwood in the United States Senate. For nearly eighteen years, he has championed the interest of the people in this area.

And now, as the Chairman of the powerful Senate Committee on Finance, he's in a very good position to do even more.

No one has more influence in the United States Senate. And no one is more committed to using that clout for the good of Oregon.

For his courage, his clout, his commitment to Oregon, vote for Senator Bob Packwood on Tuesday, May 20. He's a good man. He's doing a very good job for eastern Oregon.

Re-elect  
**PACKWOOD**

Courage. Clout. Commitment.
