Topic club learns of China

Matt Weimar of Condon reported to the lone Topic Club on his stay in mainland China, Hong Kong and Taiwan as an International 4-H exchange youth at their November 19 meeting at the home of Jean Nelson with Maryann McElligott assisting. The IFYE program is no longer sponsored by the Bankers Assoc. but is wholly supported by individual contributions, said a Topic Club spokesperson. This year there will be only one person going from Oregon because of lack of funds.

Weimar was the first person to go to mainland China on the program, the spokesperson contended. He found a great deal of free enterprise. The average income for a family has risen to between \$30-40 per month. Help is being offered the farmers by the U.S. and Australia.

Kathy Morter was a guest for the day. Christy Crowell, librarian, reported nearly 100 books had been checked out by children this month. The library is open on Monday and Wednesday afternoon.
